

Play

HOW TO PLAY!

- 1. Read the Question:** Look at or listen to a comparison question (e.g., "Which is bigger, a basketball or a soccer ball?").
- 2. Think:** Consider the two items being compared. Think about their size, weight, speed, or other relevant characteristics.
- 3. Choose an Answer:** Decide which item you think is bigger, smaller, heavier, lighter, faster, slower, etc.
- 4. Check the Answer:** Look at the answer to see if you were right!
- 5. Learn:** If you were wrong, take a moment to think about why the correct answer is the way it is.
- 6. Next Question!** Move on to the next comparison question and keep playing!

VS

Which is taller, a giraffe or a zebra?

GIRAFFE

ZEBRA

Which is taller, a giraffe or a zebra?

CORRECT!

Giraffes are the tallest land animals on Earth, with their long necks contributing to their height.

Which is taller, a giraffe or a zebra?

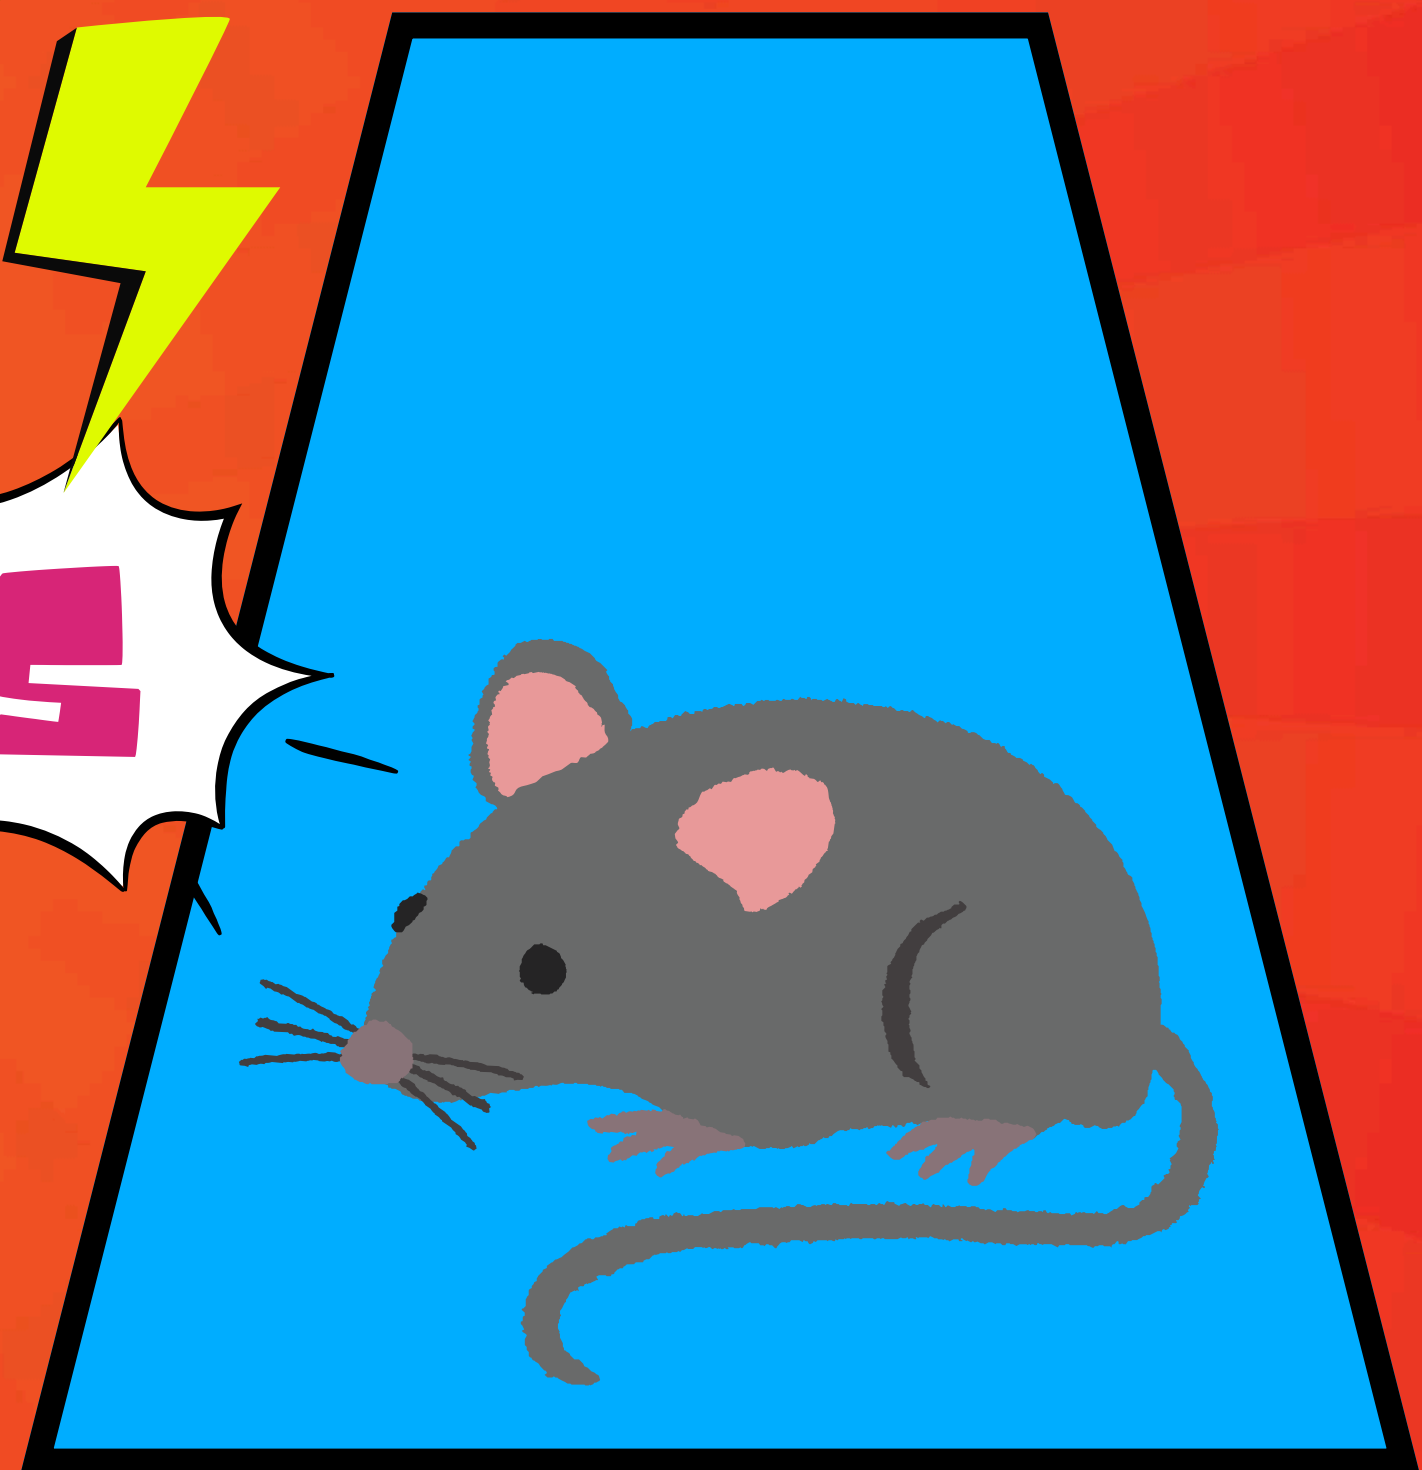

WRONG!

Giraffes are the tallest land animals on Earth, with their long necks contributing to their height.

VS

Which is smaller, a mouse or a rabbit?

RABBIT

MOUSE

Which is smaller, a mouse or a rabbit?

CORRECT!

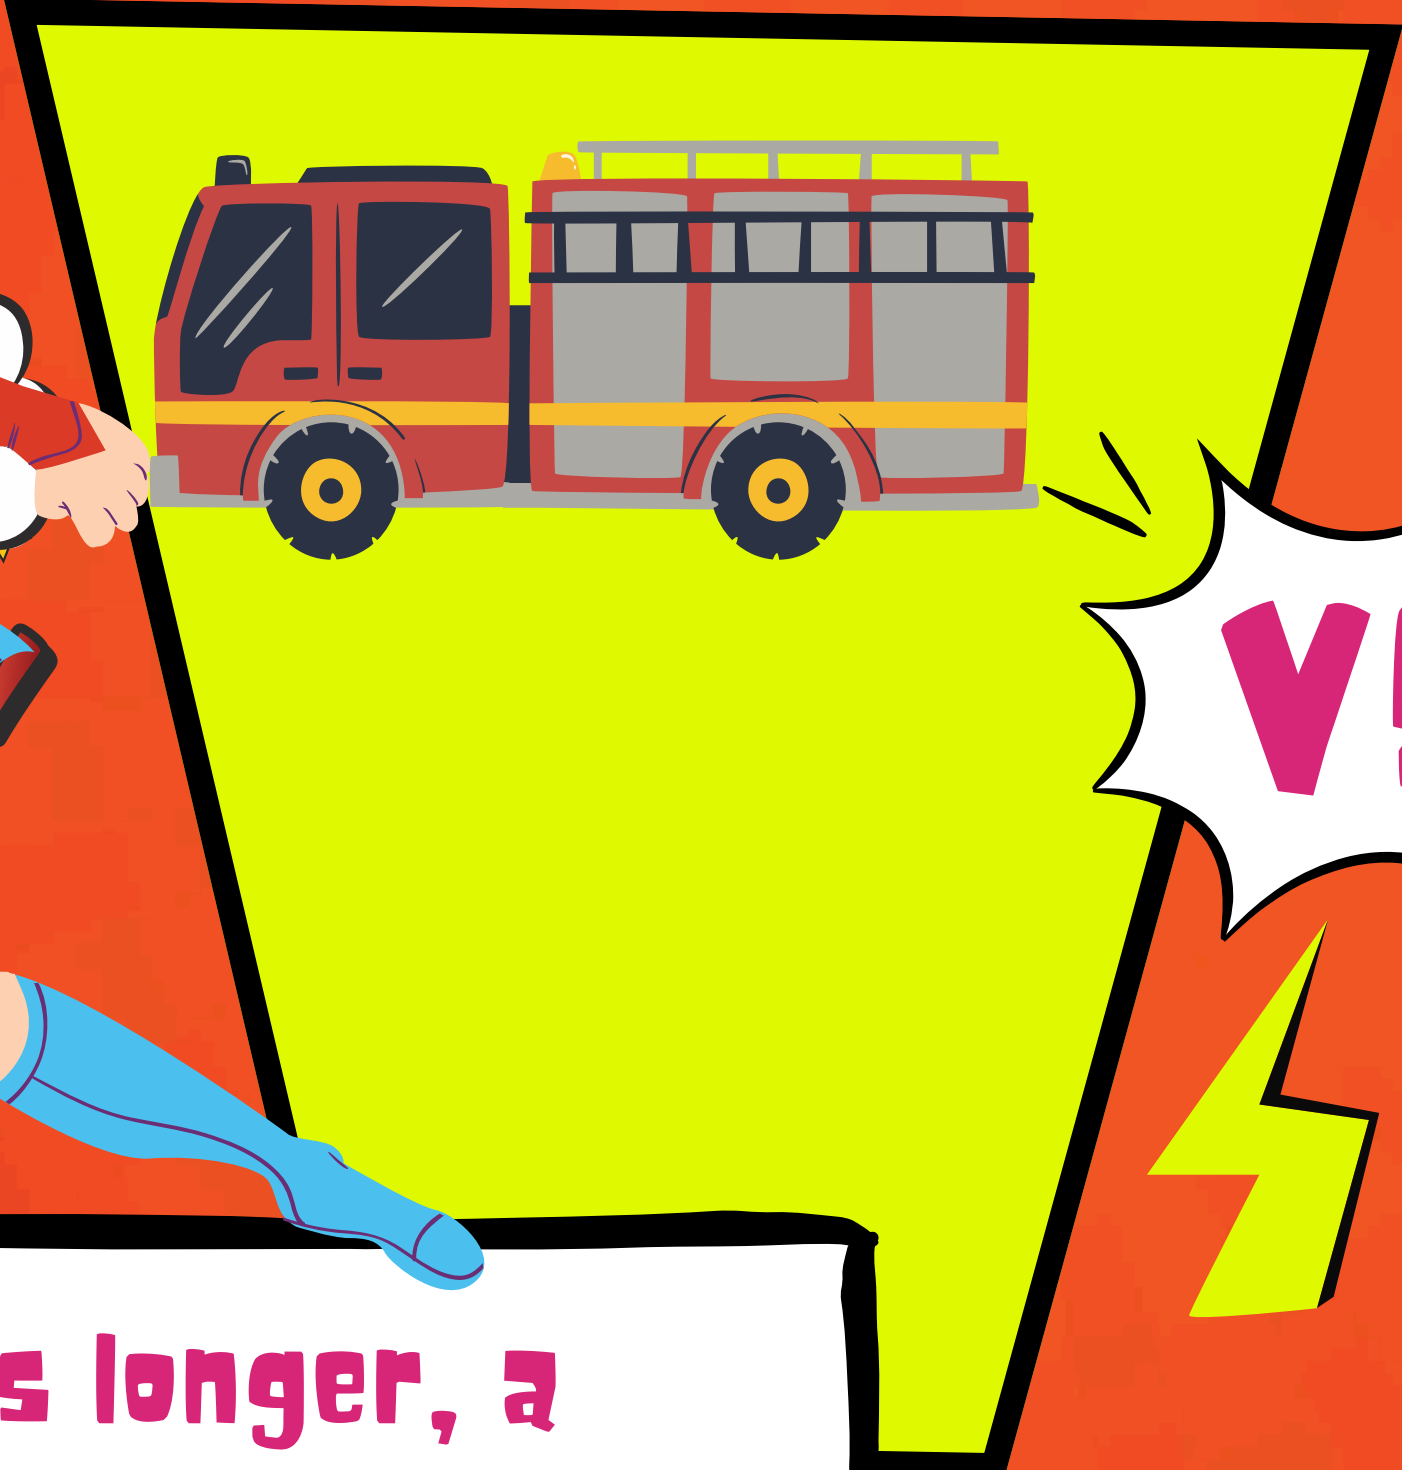

Mice are significantly smaller than rabbits in terms of body length and weight.

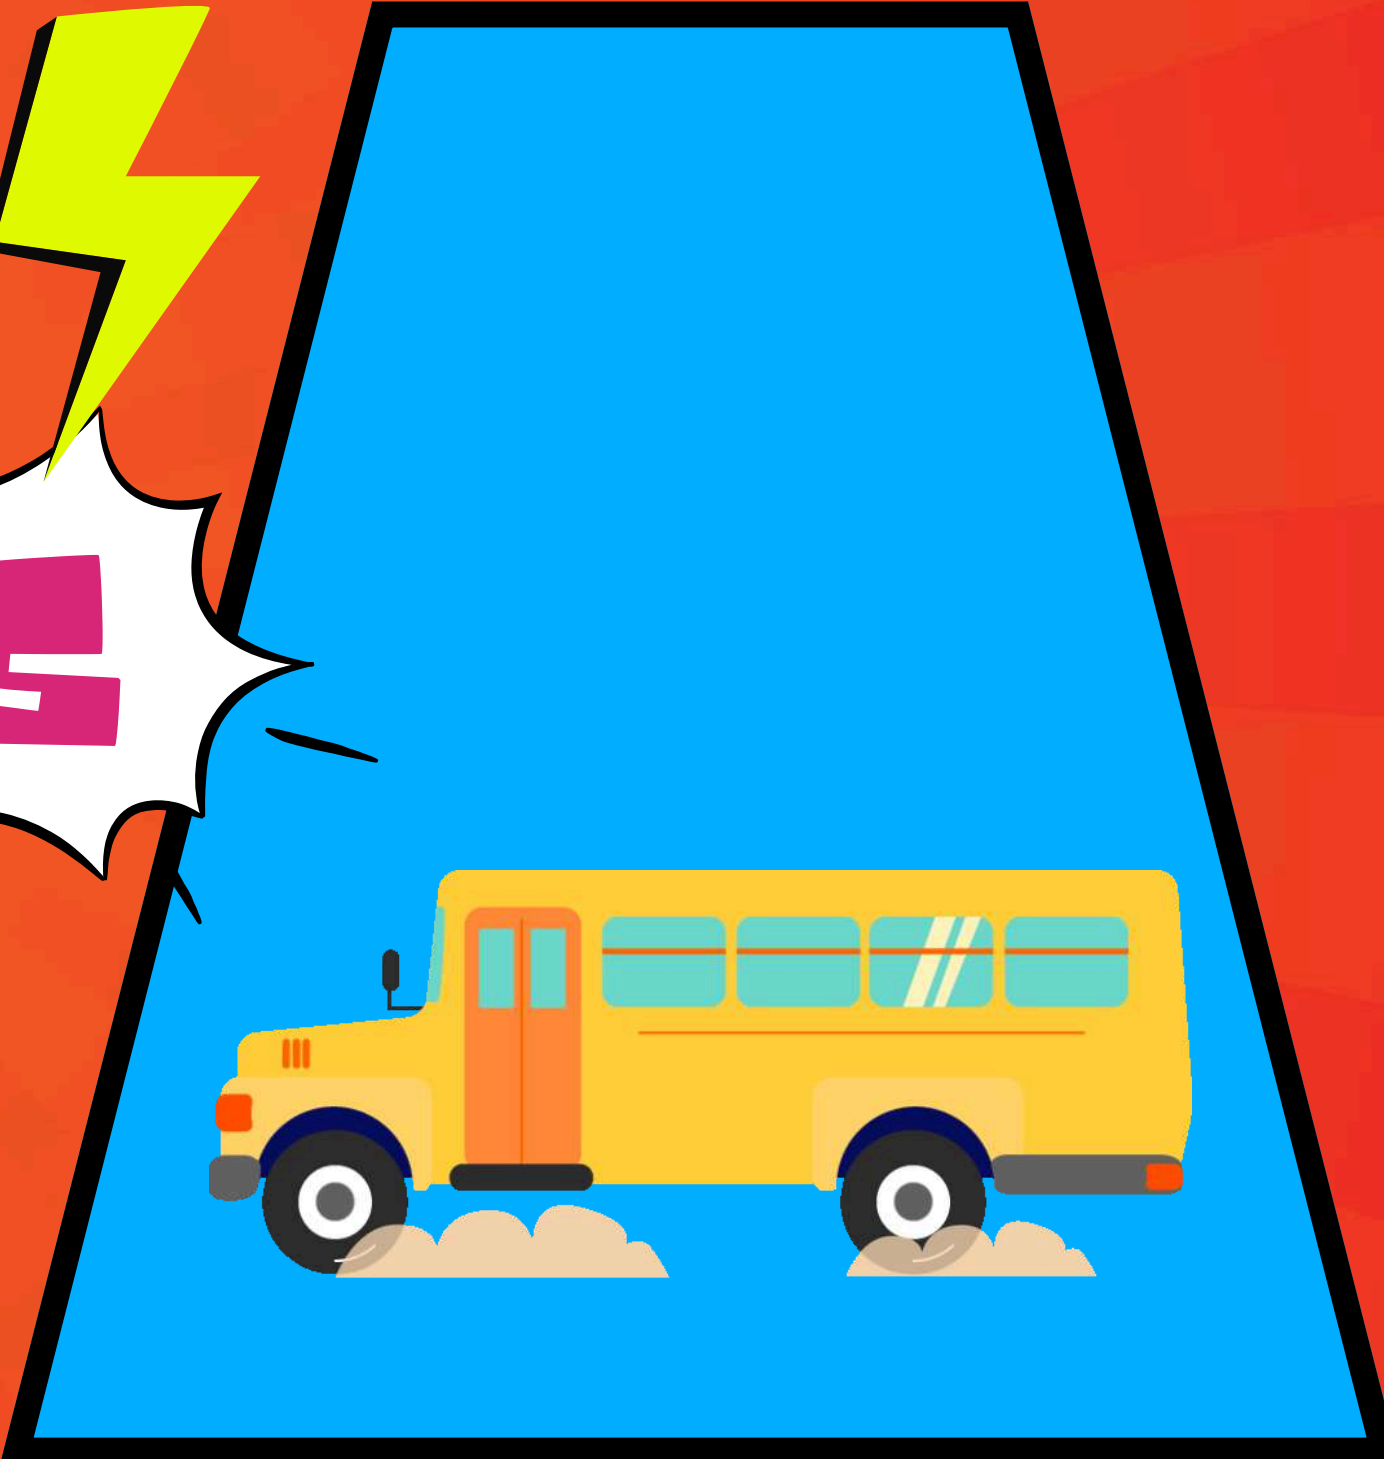

Which is smaller, a mouse or a rabbit?

WRONG!

Mice are significantly smaller than rabbits in terms of body length and weight, contributing to their height.

VS

Which is longer, a school bus or a fire truck?

FIRE TRUCK

SCHOOL BUS

Which is longer, a
school bus or a fire
truck?

CORRECT!

Standard school buses are
often longer than fire trucks,
although some specialized fire
trucks might be longer

Which is longer, a
school bus or a fire
truck?

WRONG!

Standard school buses are
often longer than fire trucks,
although some specialized fire
trucks might be longer

VS

**Which is wider, a river
or a stream?**

RIVER

STREAM

Which is wider, a river
or a stream?

CORRECT!

Rivers are larger bodies of
flowing water than streams,
and therefore wider.

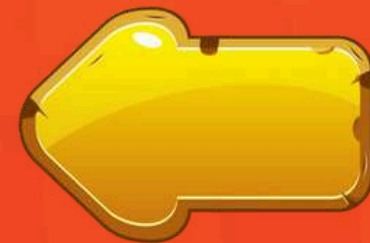

Which is wider, a river
or a stream?

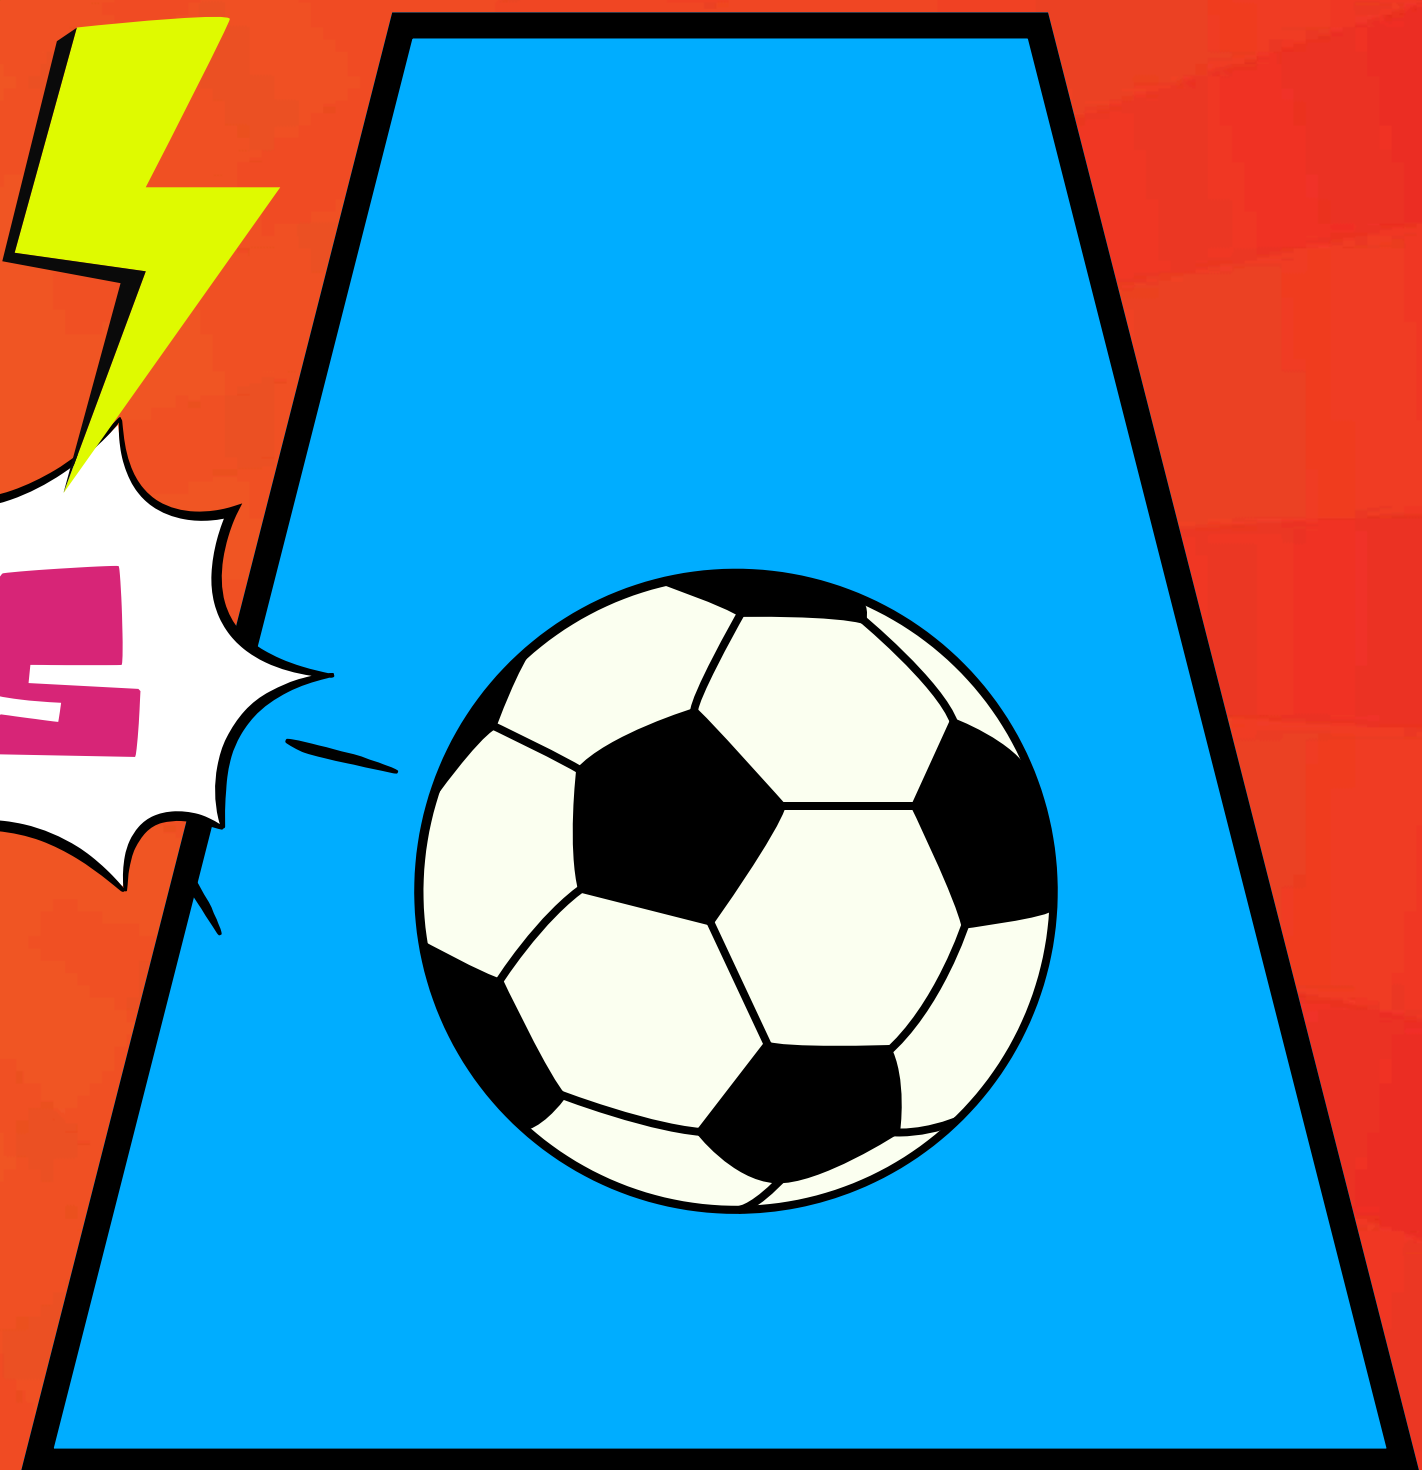

WRONG!

Rivers are larger bodies of
flowing water than streams,
and therefore wider.

VS

**Which is bigger, a
basketball or a soccer
ball?**

BASKETBALL

SOCCER BALL

Which is bigger, a
basketball or a soccer
ball?

CORRECT!

Basketballs have a larger
diameter than soccer balls.

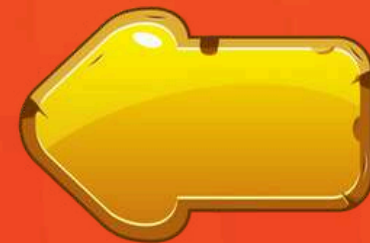

Which is bigger, a
basketball or a soccer
ball?

WRONG!

Basketballs have a larger
diameter than soccer balls.

Which is heavier, a
feather or a rock?

VS

FEATHER

ROCK

Which is heavier, a feather or a rock?

CORRECT!

Rocks are denser and have more mass than feathers, making them heavier.

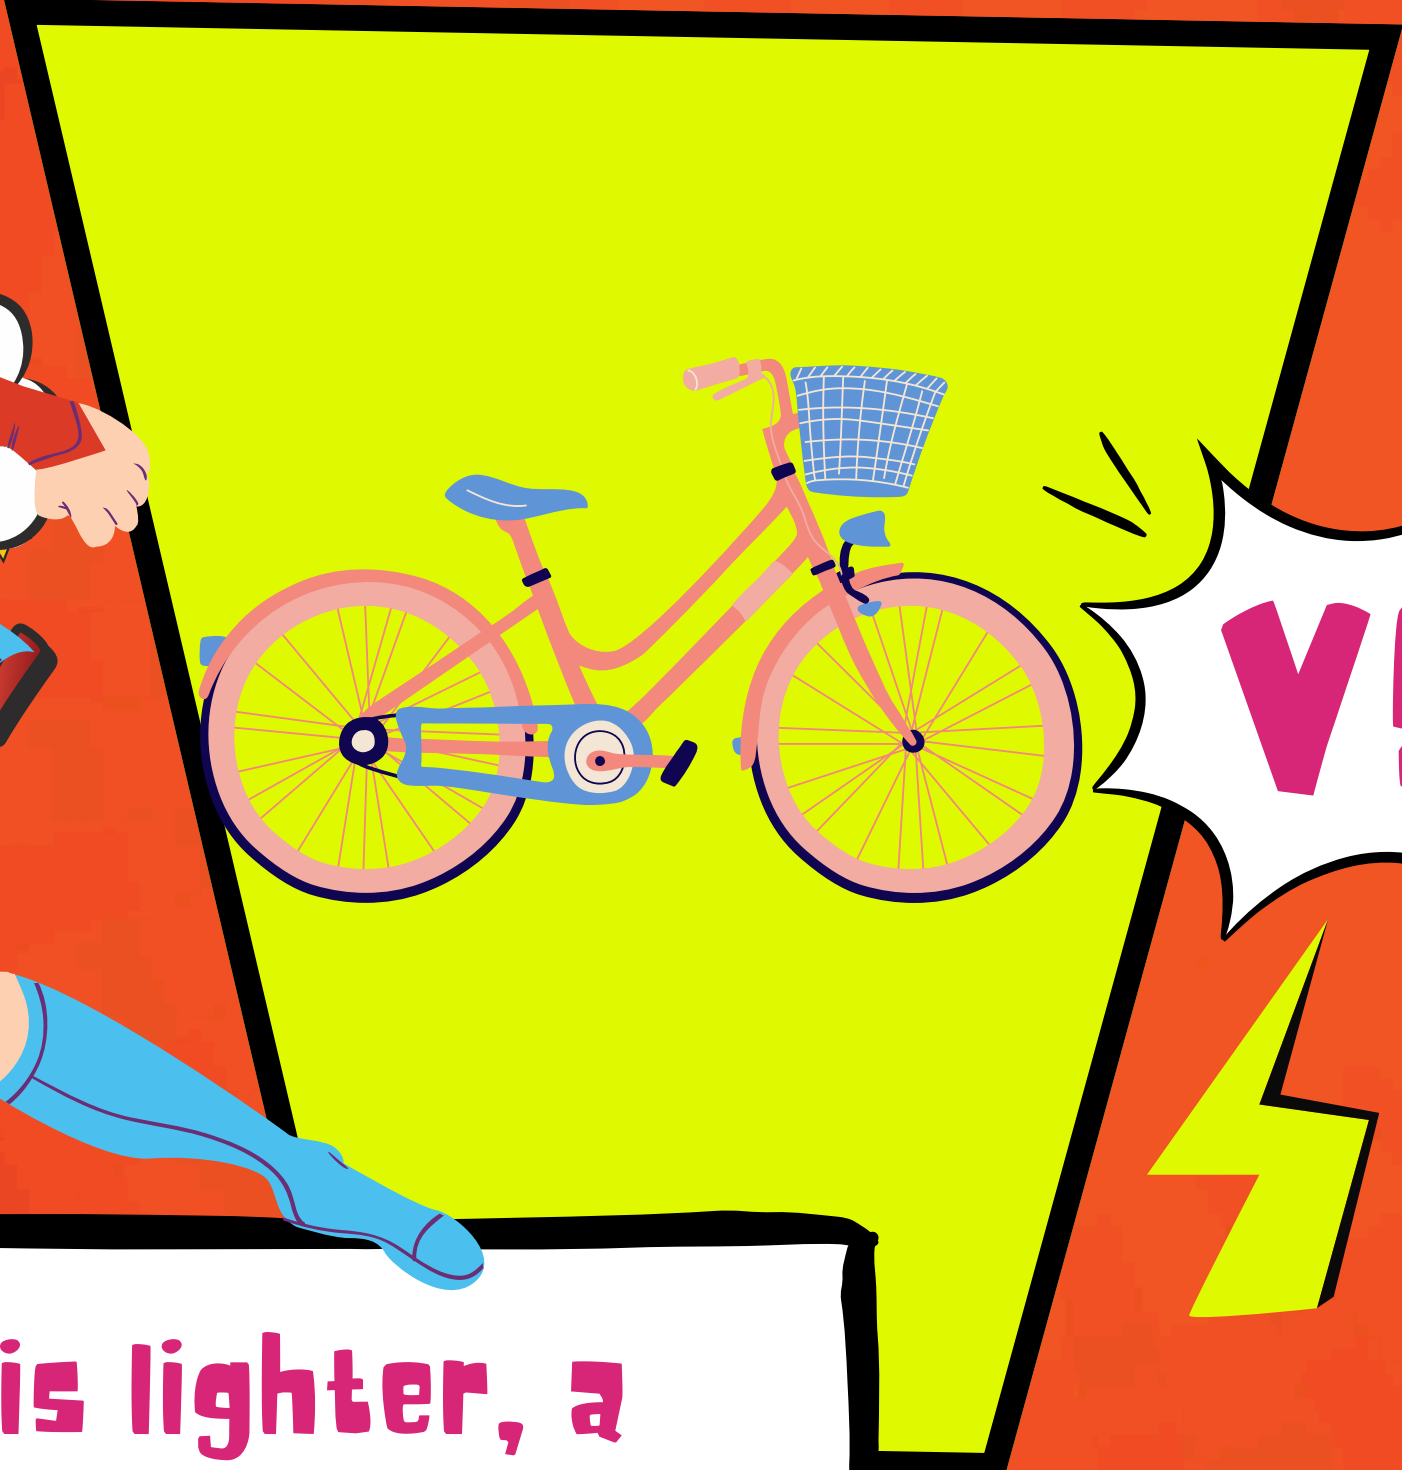

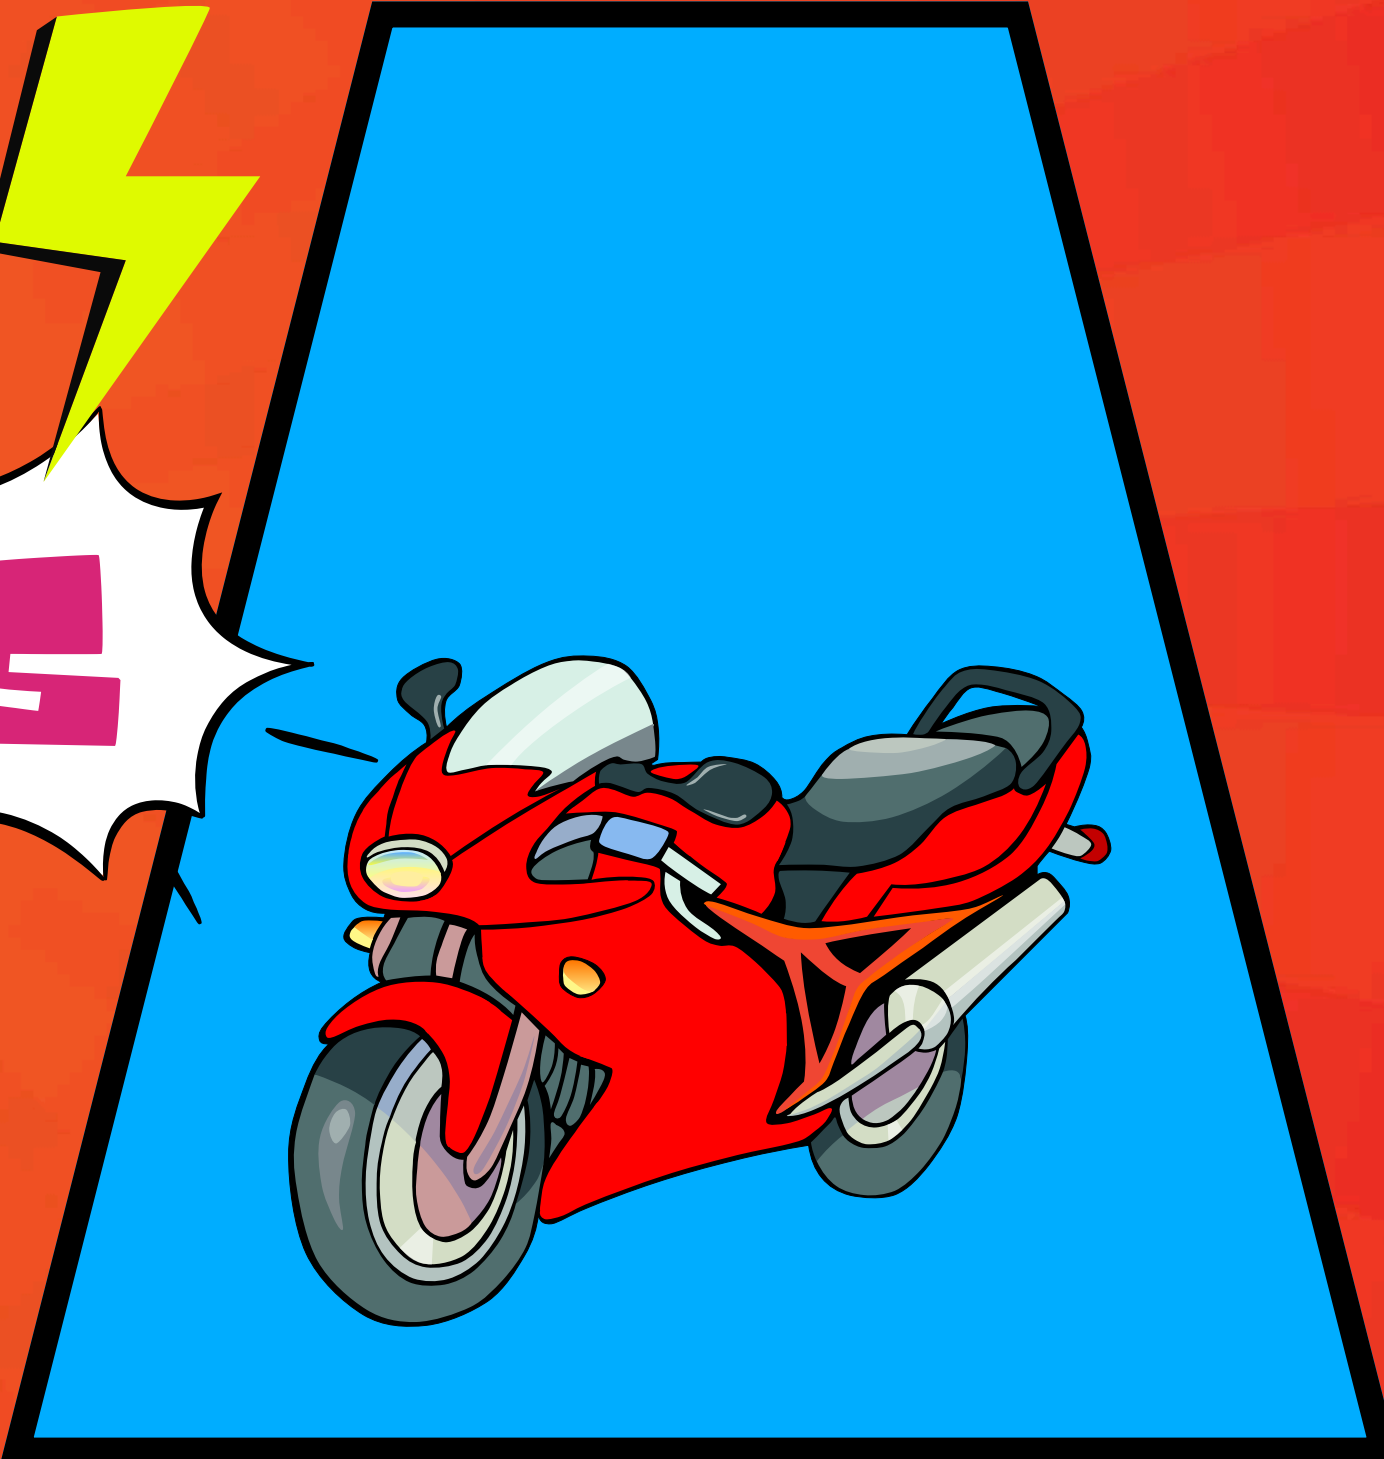

Which is heavier, a
feather or a rock?

WRONG!

Rocks are denser and have
more mass than feathers,
making them heavier.

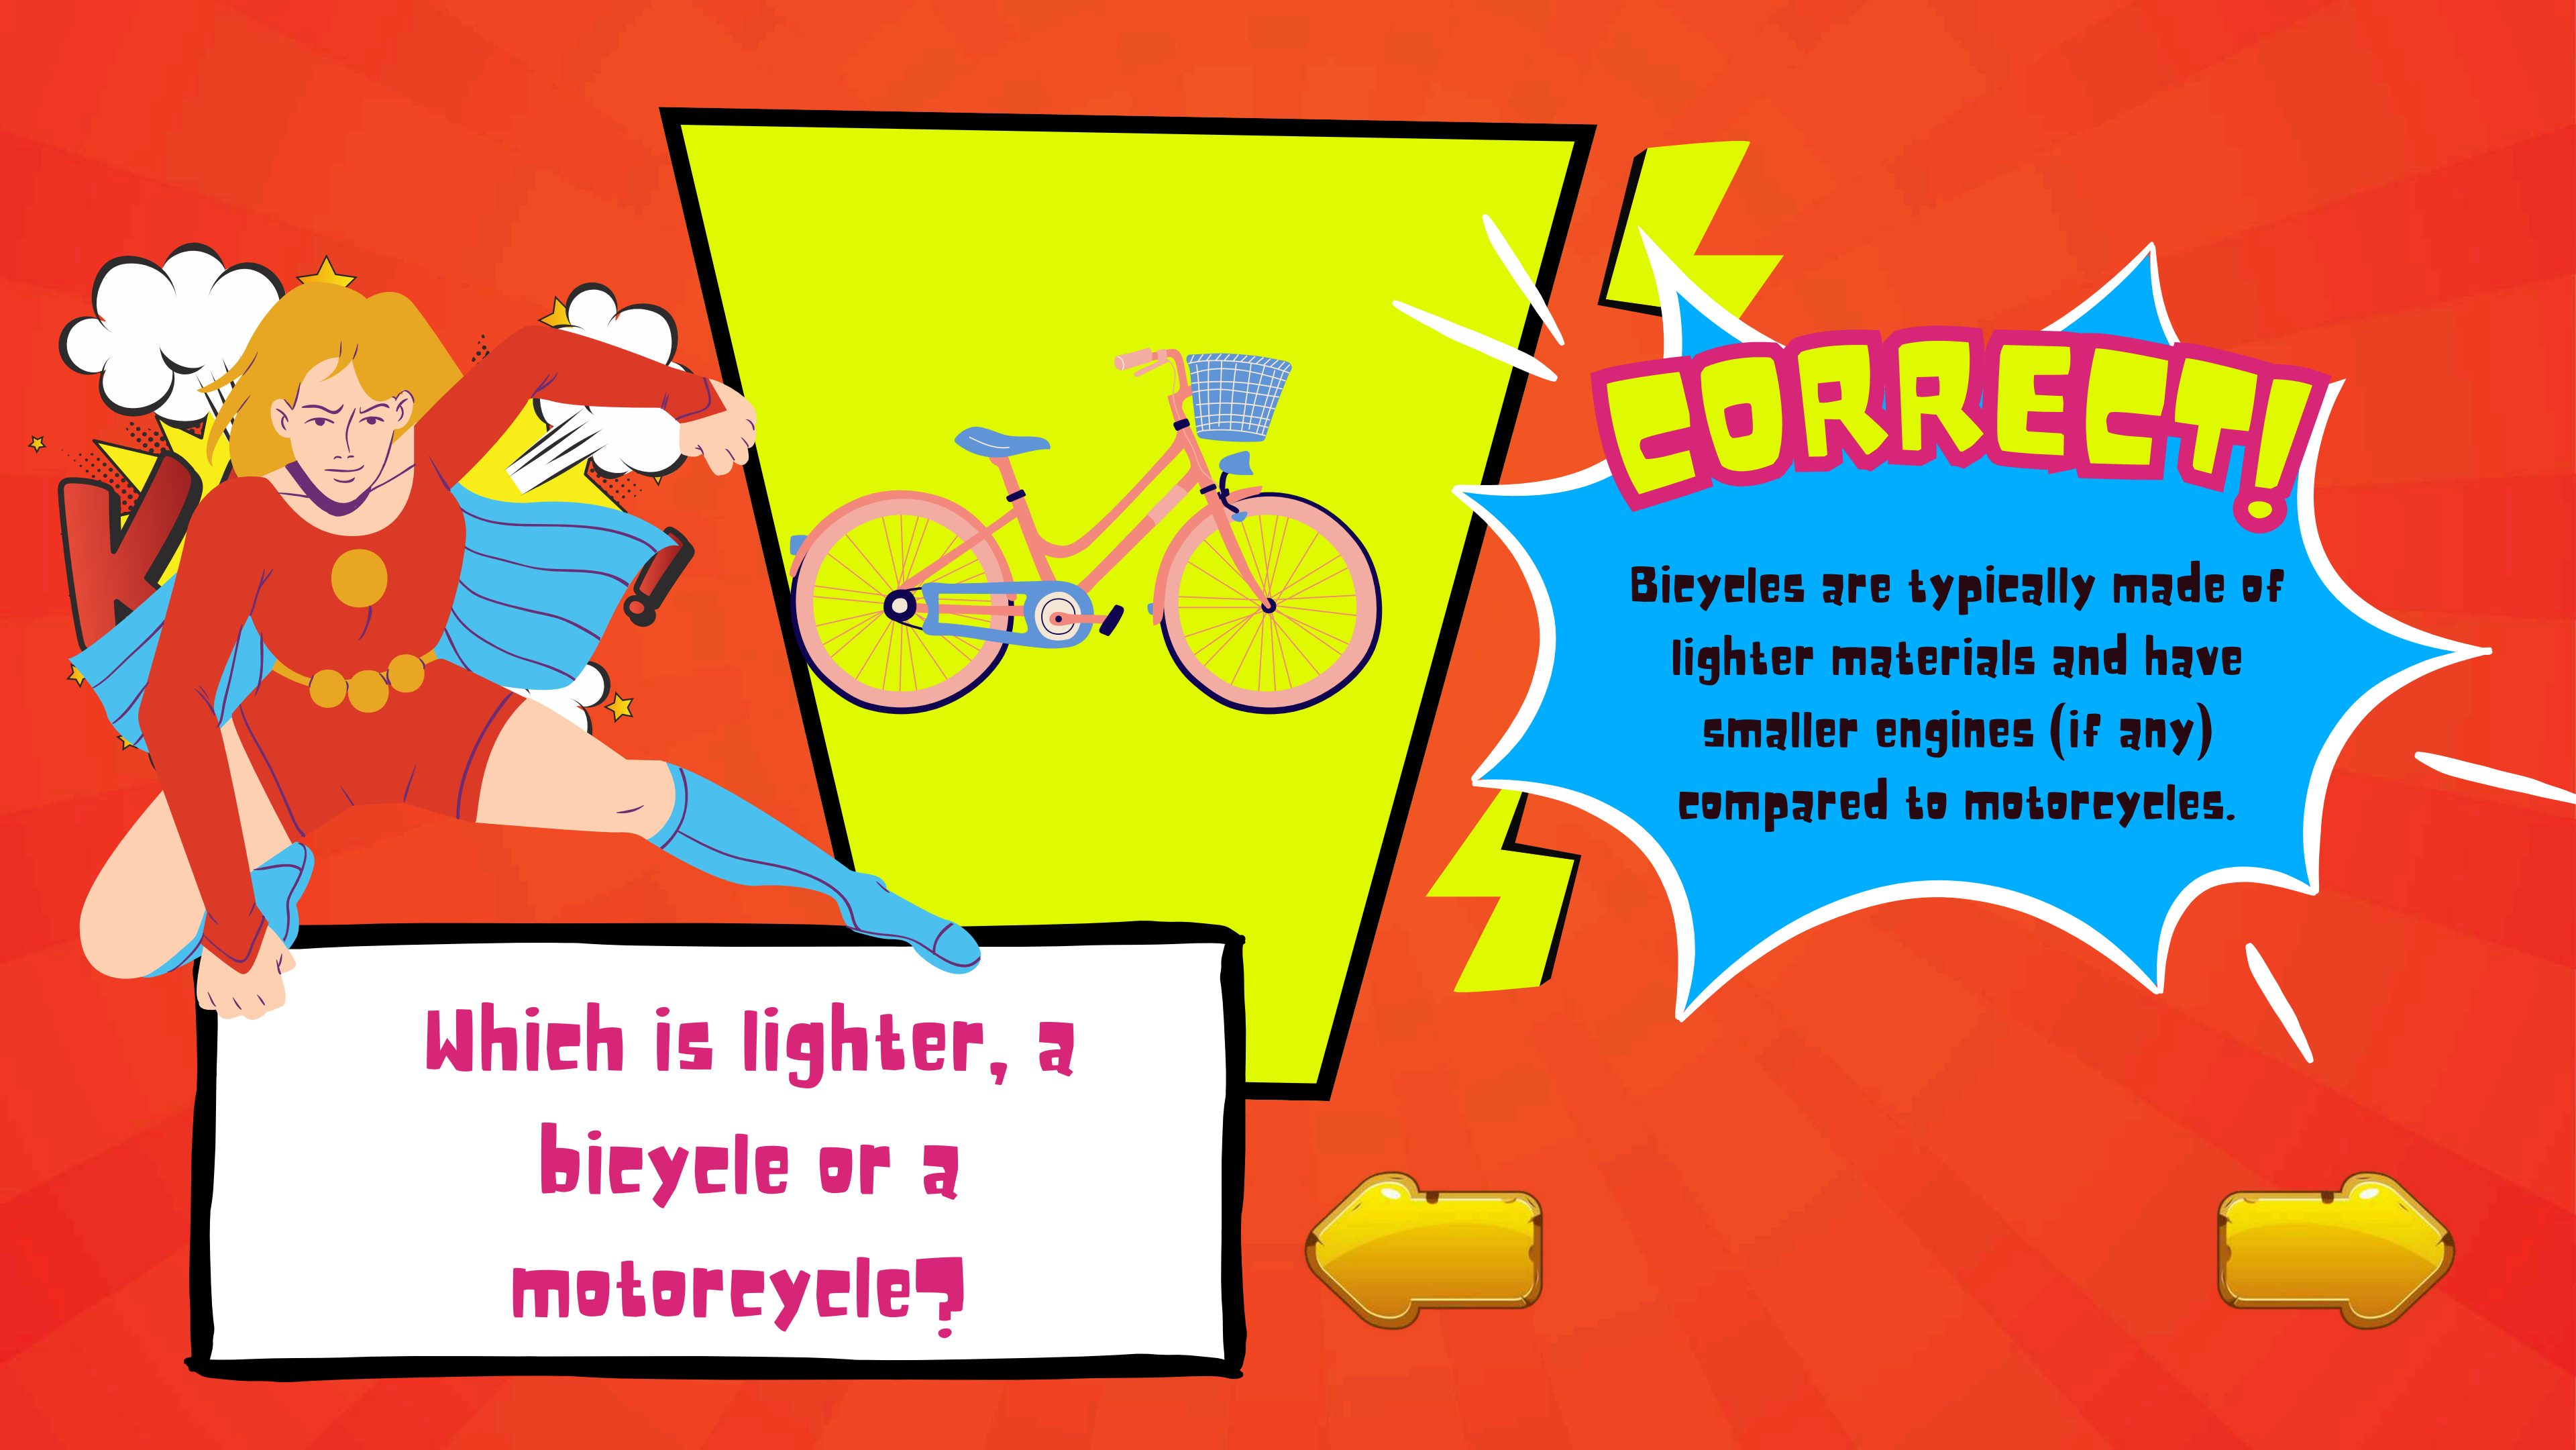

VS

**Which is lighter, a
bicycle or a
motorcycle?**

BICYCLE

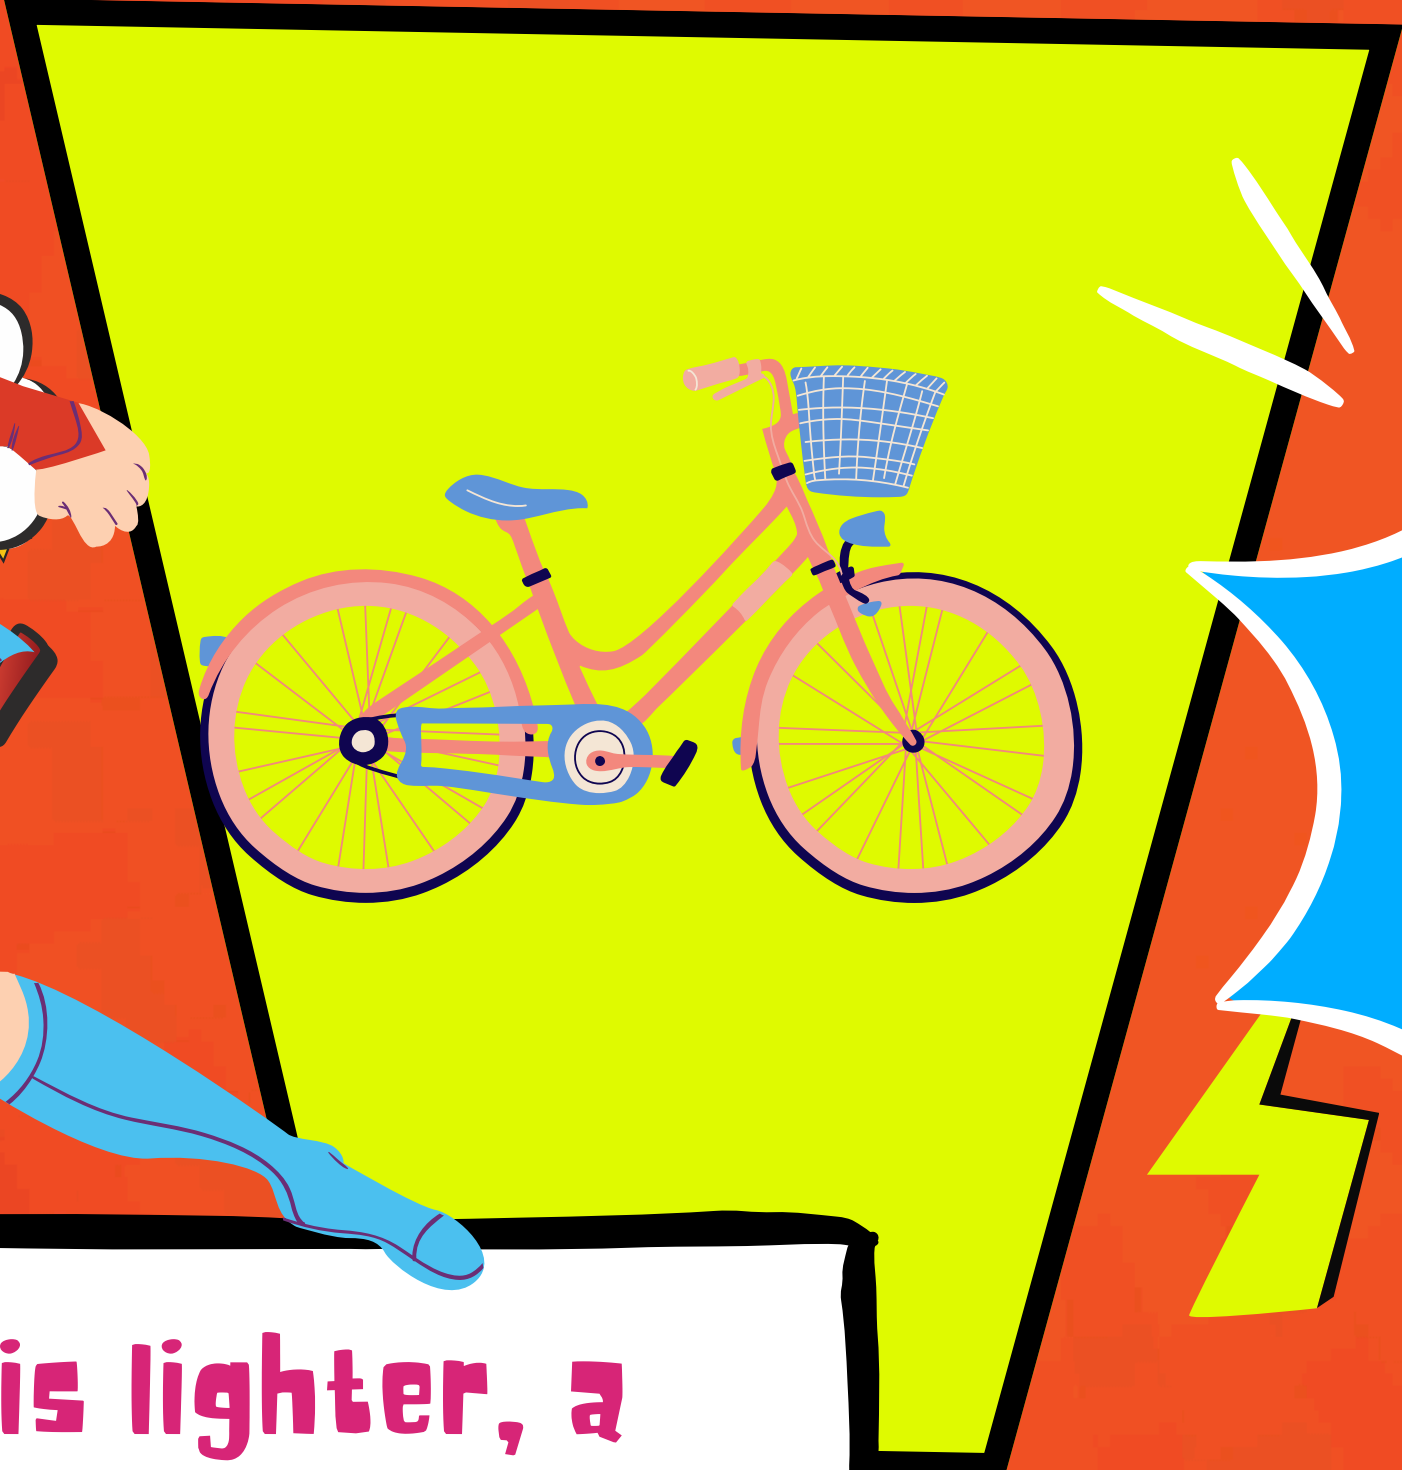

MOTORCYCLE

Which is lighter, a
bicycle or a
motorcycle?

CORRECT!

Bicycles are typically made of
lighter materials and have
smaller engines (if any)
compared to motorcycles.

**Which is lighter, a
bicycle or a
motorcycle?**

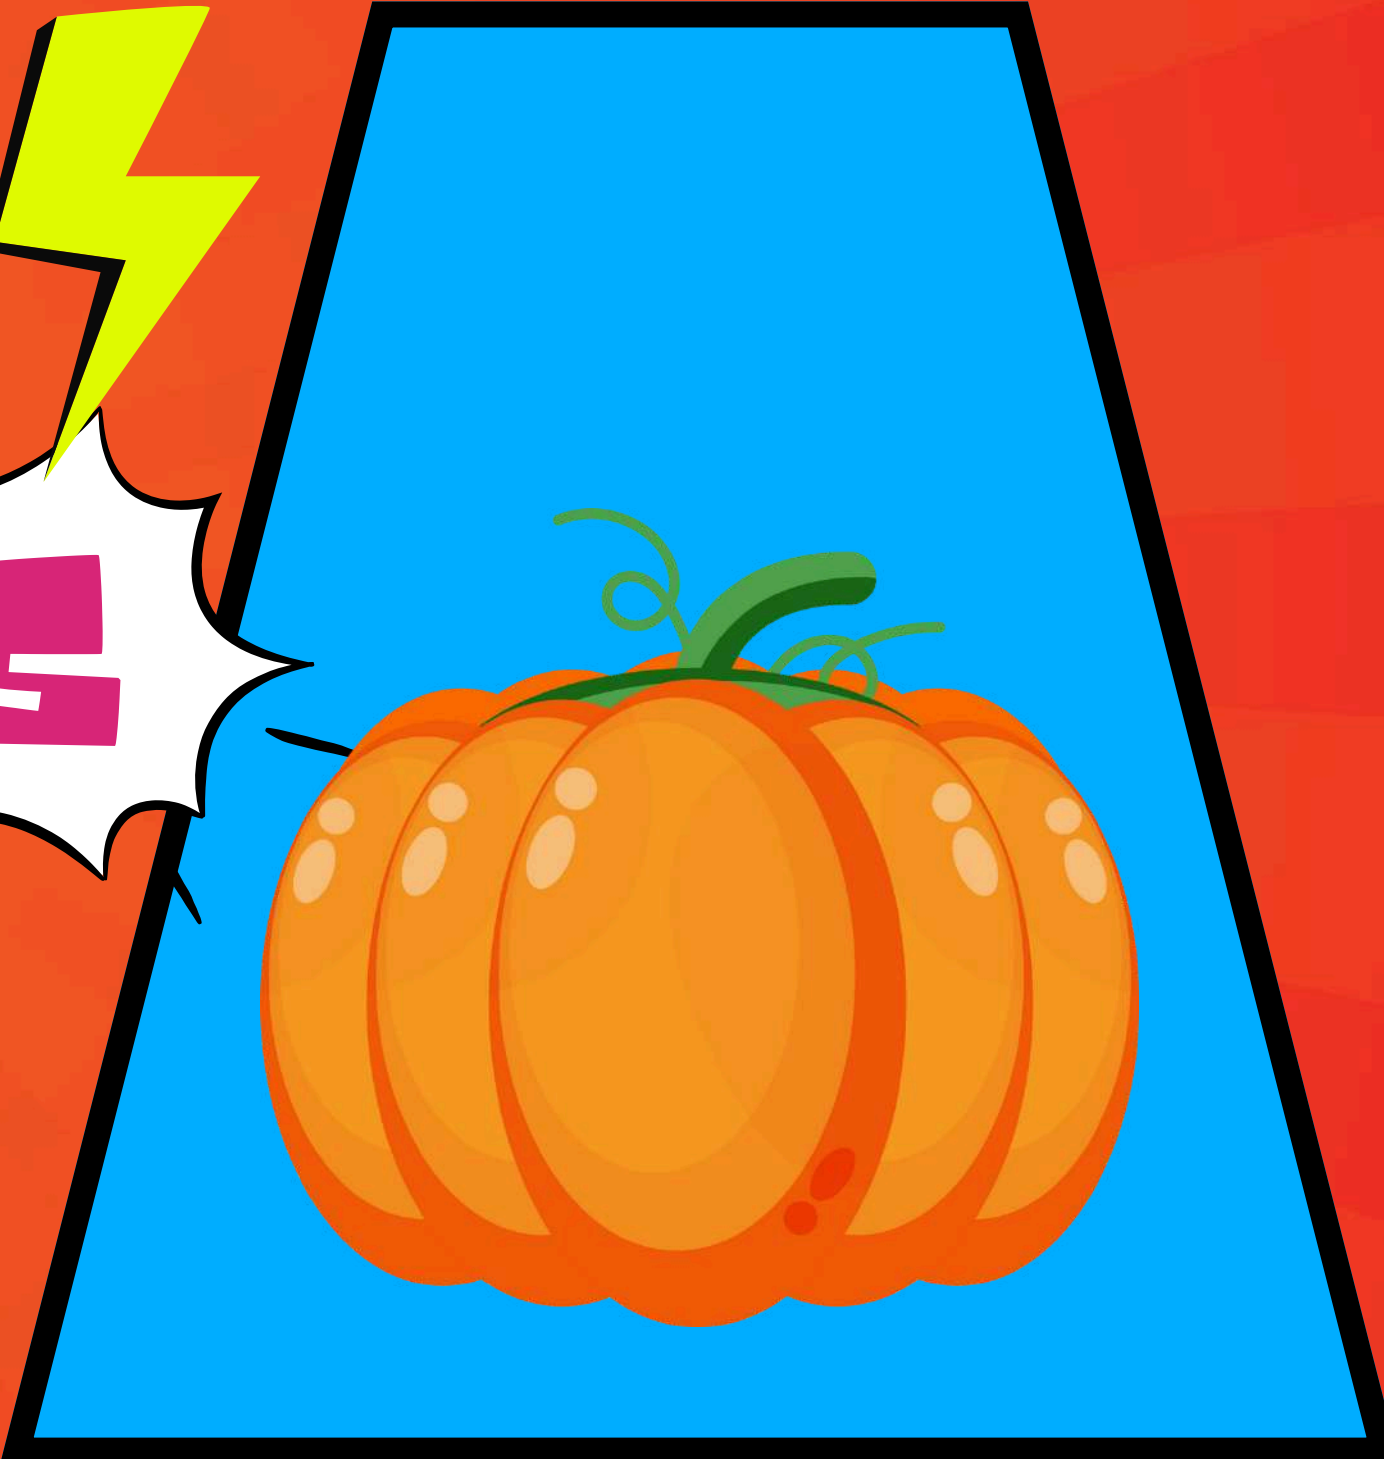

WRONG!

**Bicycles are typically made of
lighter materials and have
smaller engines (if any)
compared to motorcycles.**

VS

Which is heavier, a watermelon or a pumpkin?

WATERMELON

PUMPKIN

CORRECT!

Pumpkin (usually). While both can vary in size, pumpkins often grow to be larger and heavier than watermelons.

Which is heavier, a watermelon or a pumpkin?

Which is heavier, a
watermelon or a
pumpkin?

WRONG!

Pumpkin (usually). While both
can vary in size, pumpkins
often grow to be larger and
heavier than watermelons.

VS

**Which is lighter, a pencil
or a book?**

PENCIL

BOOK

Which is lighter, a pencil
or a book?

CORRECT!

Pencils are made of wood and graphite, while books are made of paper and have more mass

Which is lighter, a pencil
or a book?

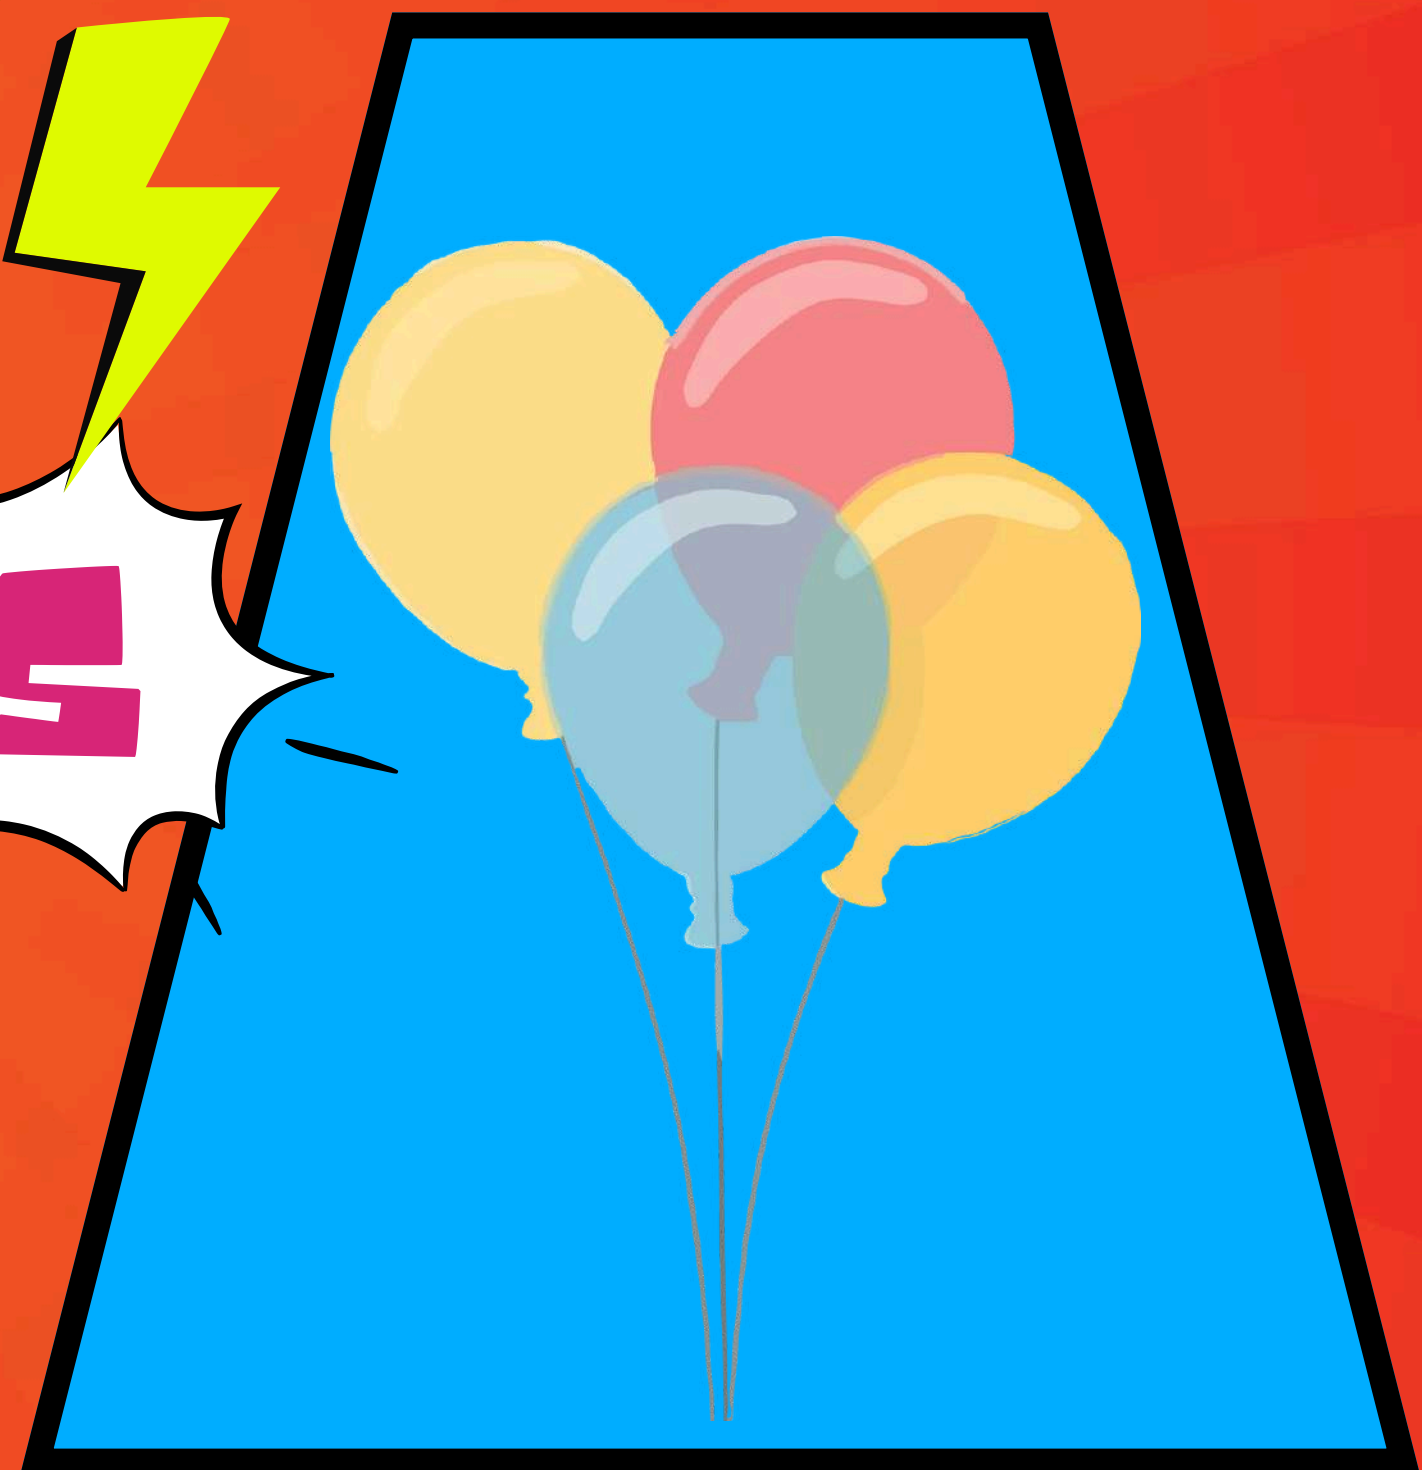

WRONG!

Pencils are made of wood and
graphite, while books are made
of paper and have more mass

VS

Which is heavier, a brick or a balloon?

BRIEK

BALLOON

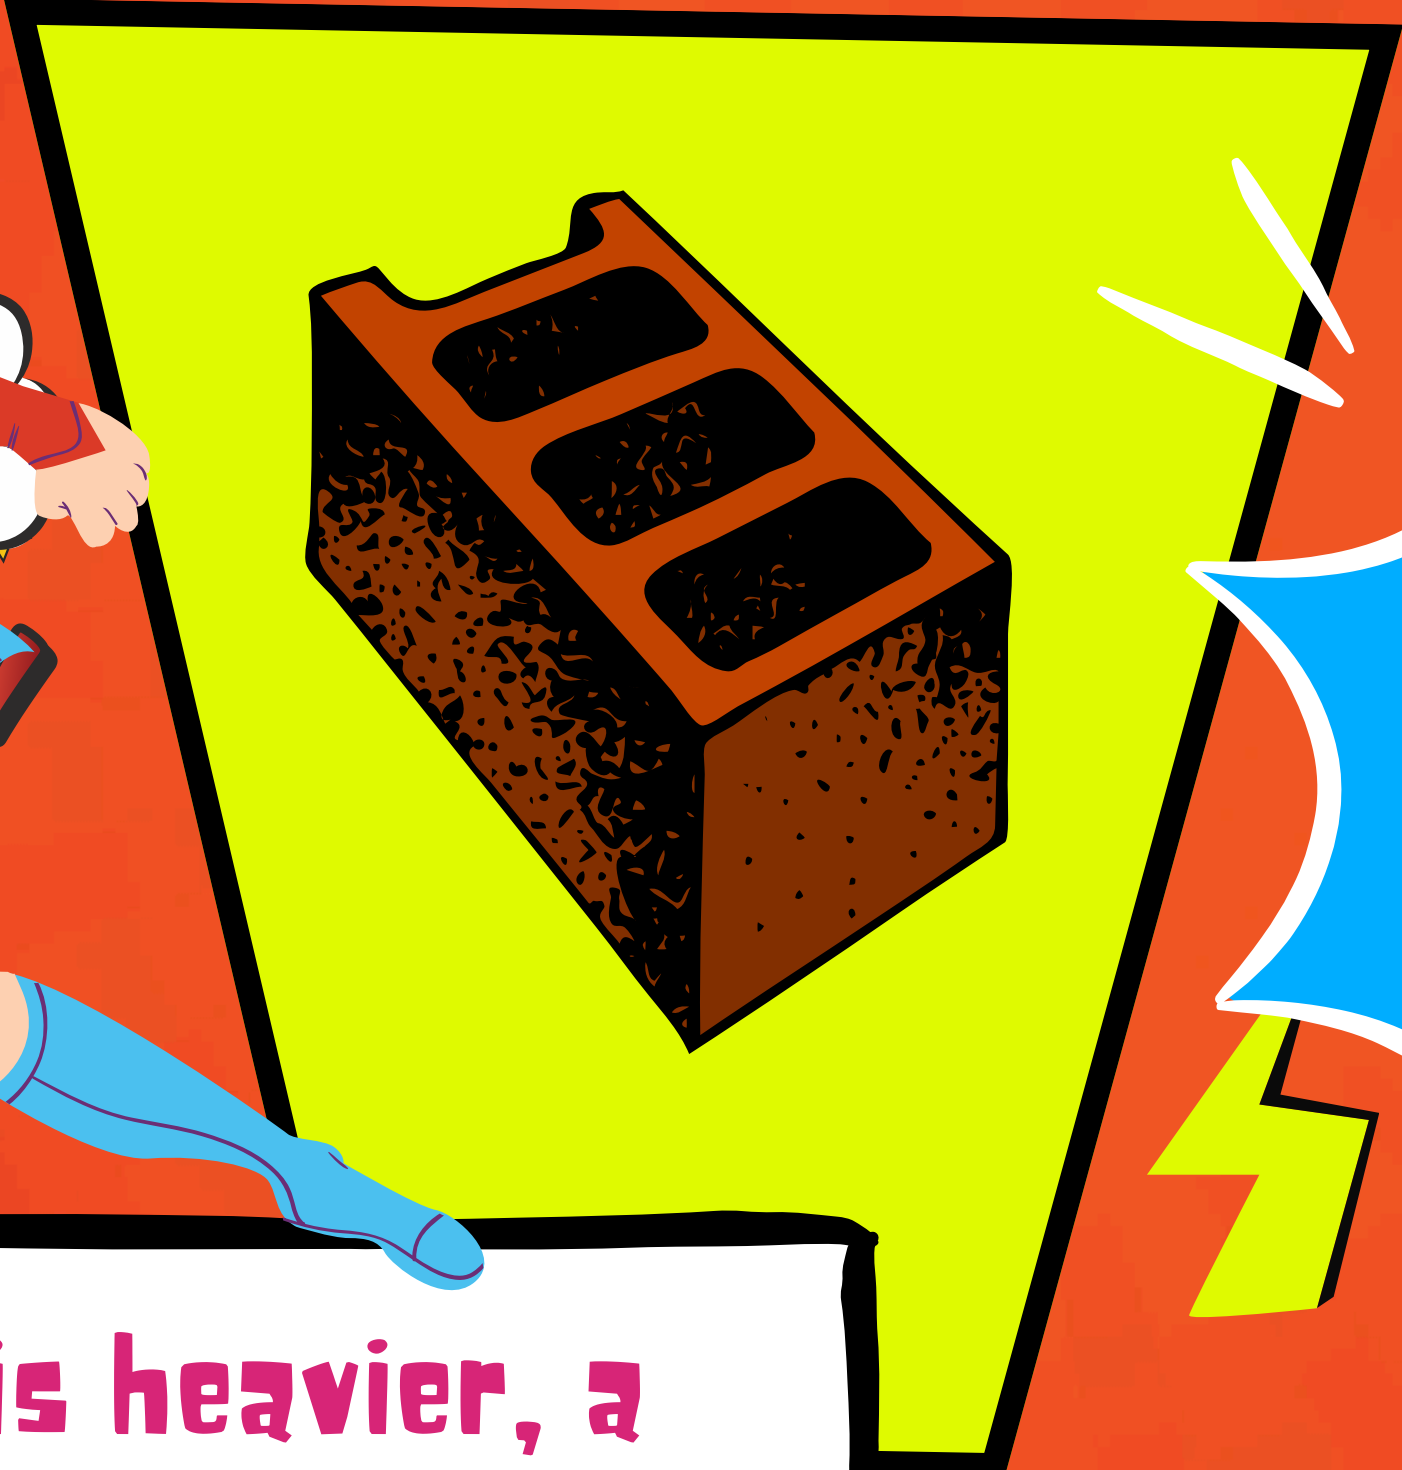

Which is heavier, a
brick or a balloon?

CORRECT!

Bricks are dense and solid,
while balloons are filled with air
and have very little mass

WRONG!

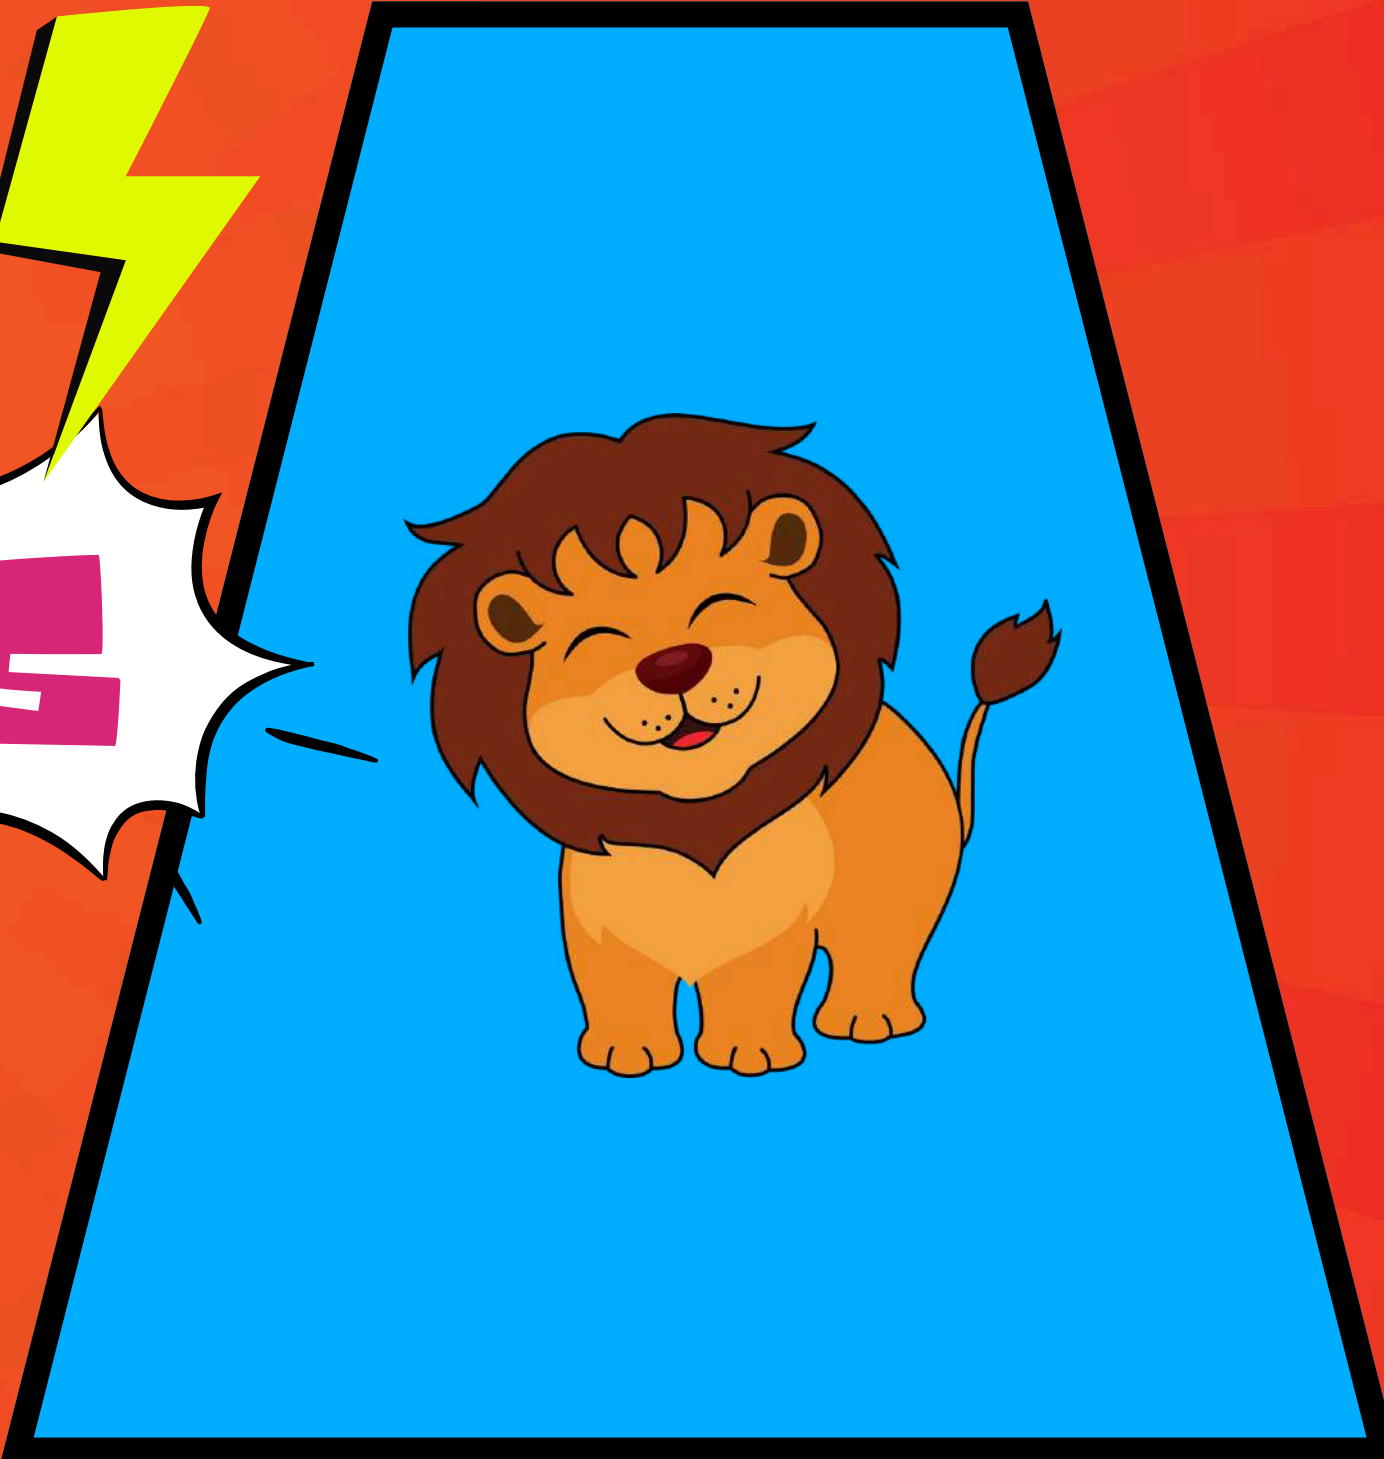

Bricks are dense and solid,
while balloons are filled with air
and have very little mass

Which is heavier, a
brick or a balloon?

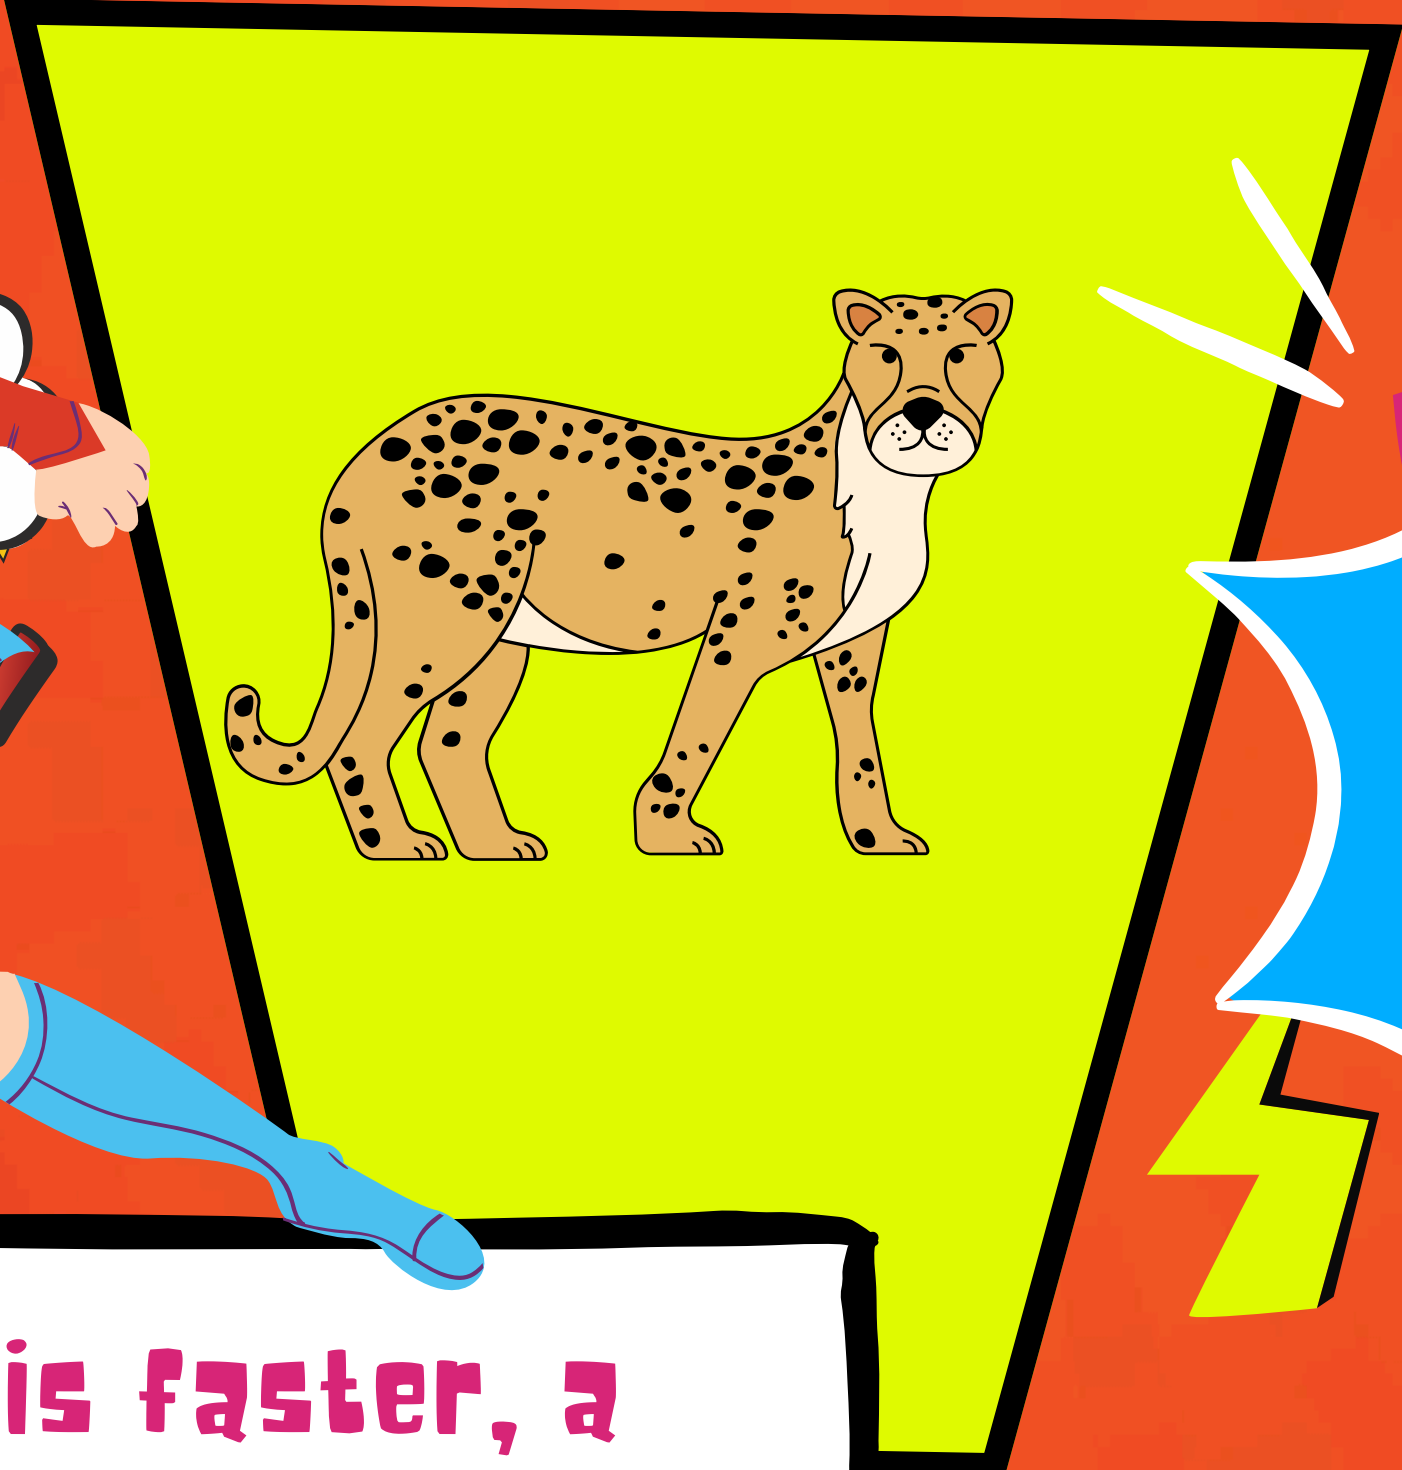

VS

Which is faster, a cheetah or a lion?

CHEETAH

LION

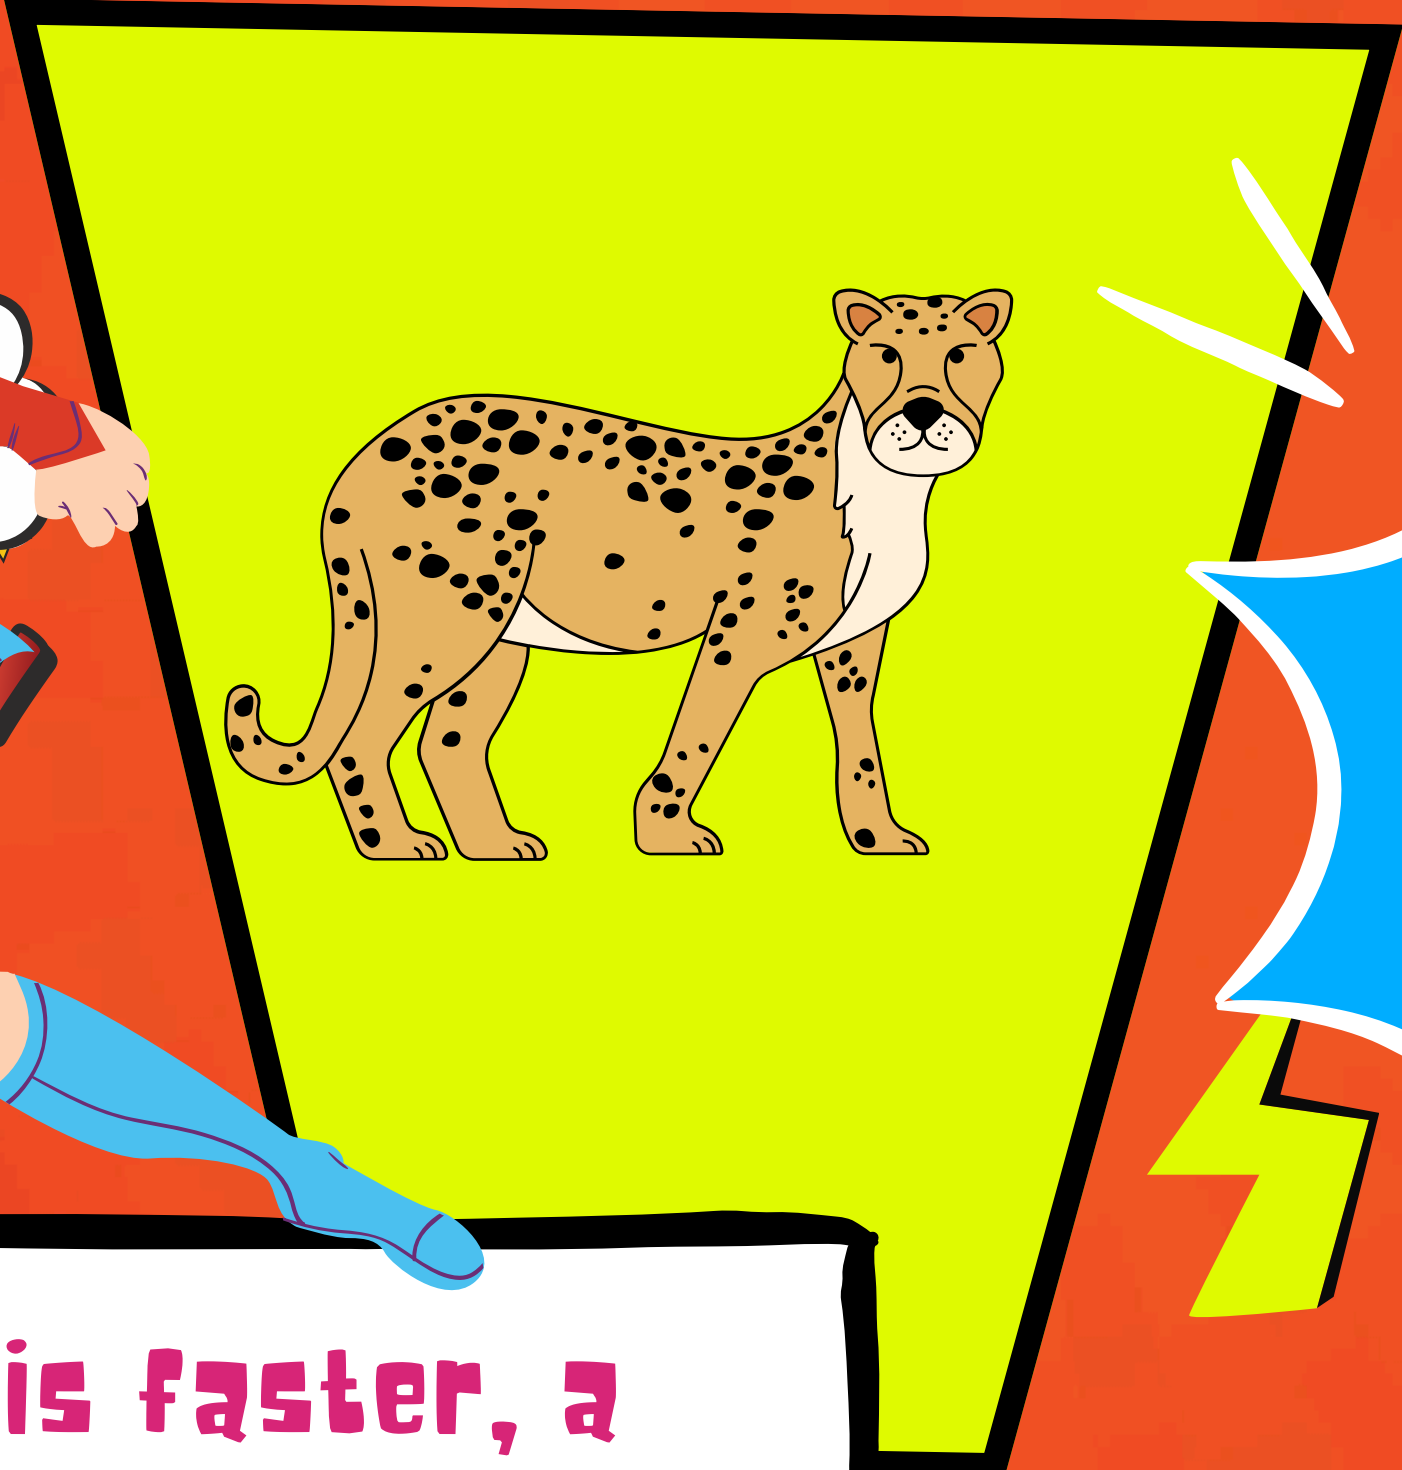

CORRECT!

Cheetahs are the fastest land animals, capable of reaching speeds much higher than lions

Which is faster, a cheetah or a lion?

WRONG!

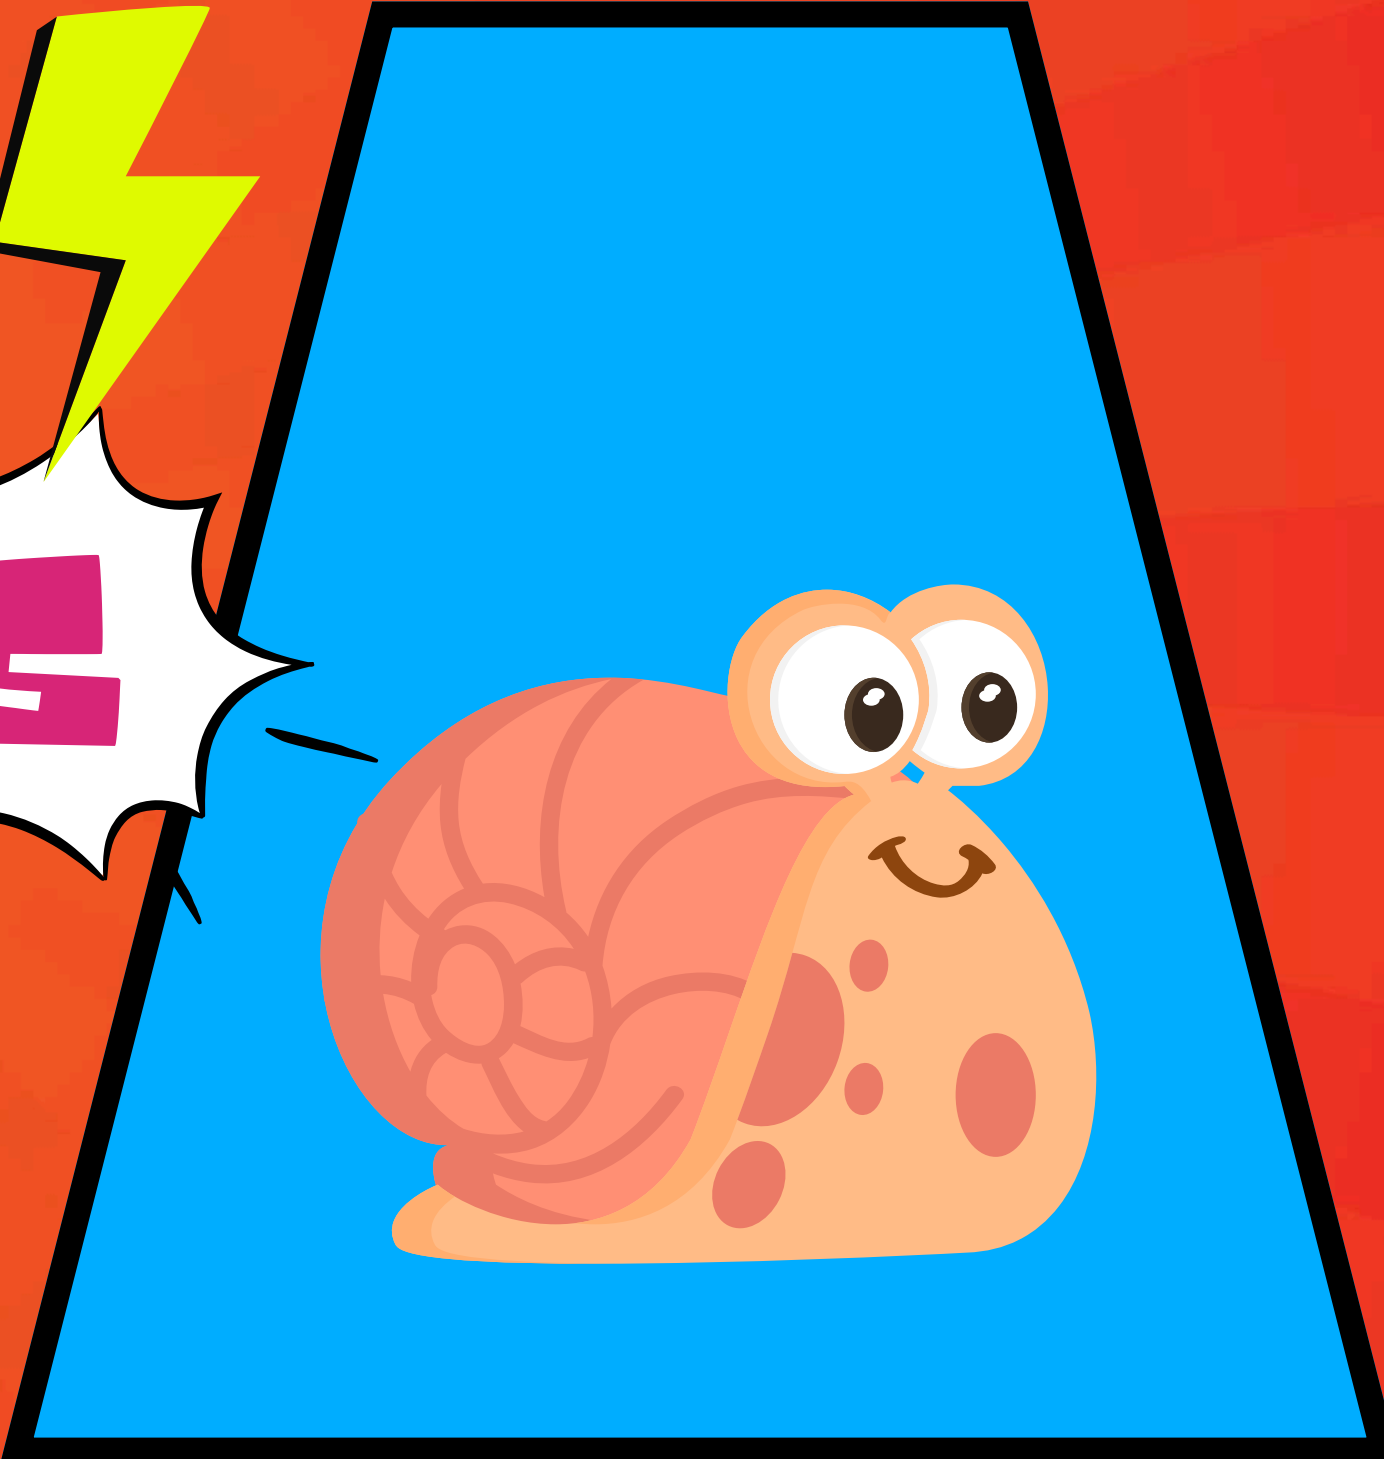

Cheetahs are the fastest land animals, capable of reaching speeds much higher than lions

Which is faster, a cheetah or a lion?

VS

**Which is slower, a turtle
or a snail?**

TURTLE

SNAIL

Which is slower, a turtle
or a snail?

CORRECT!

Snails move at a much slower
pace than turtles.

Which is slower, a turtle
or a snail?

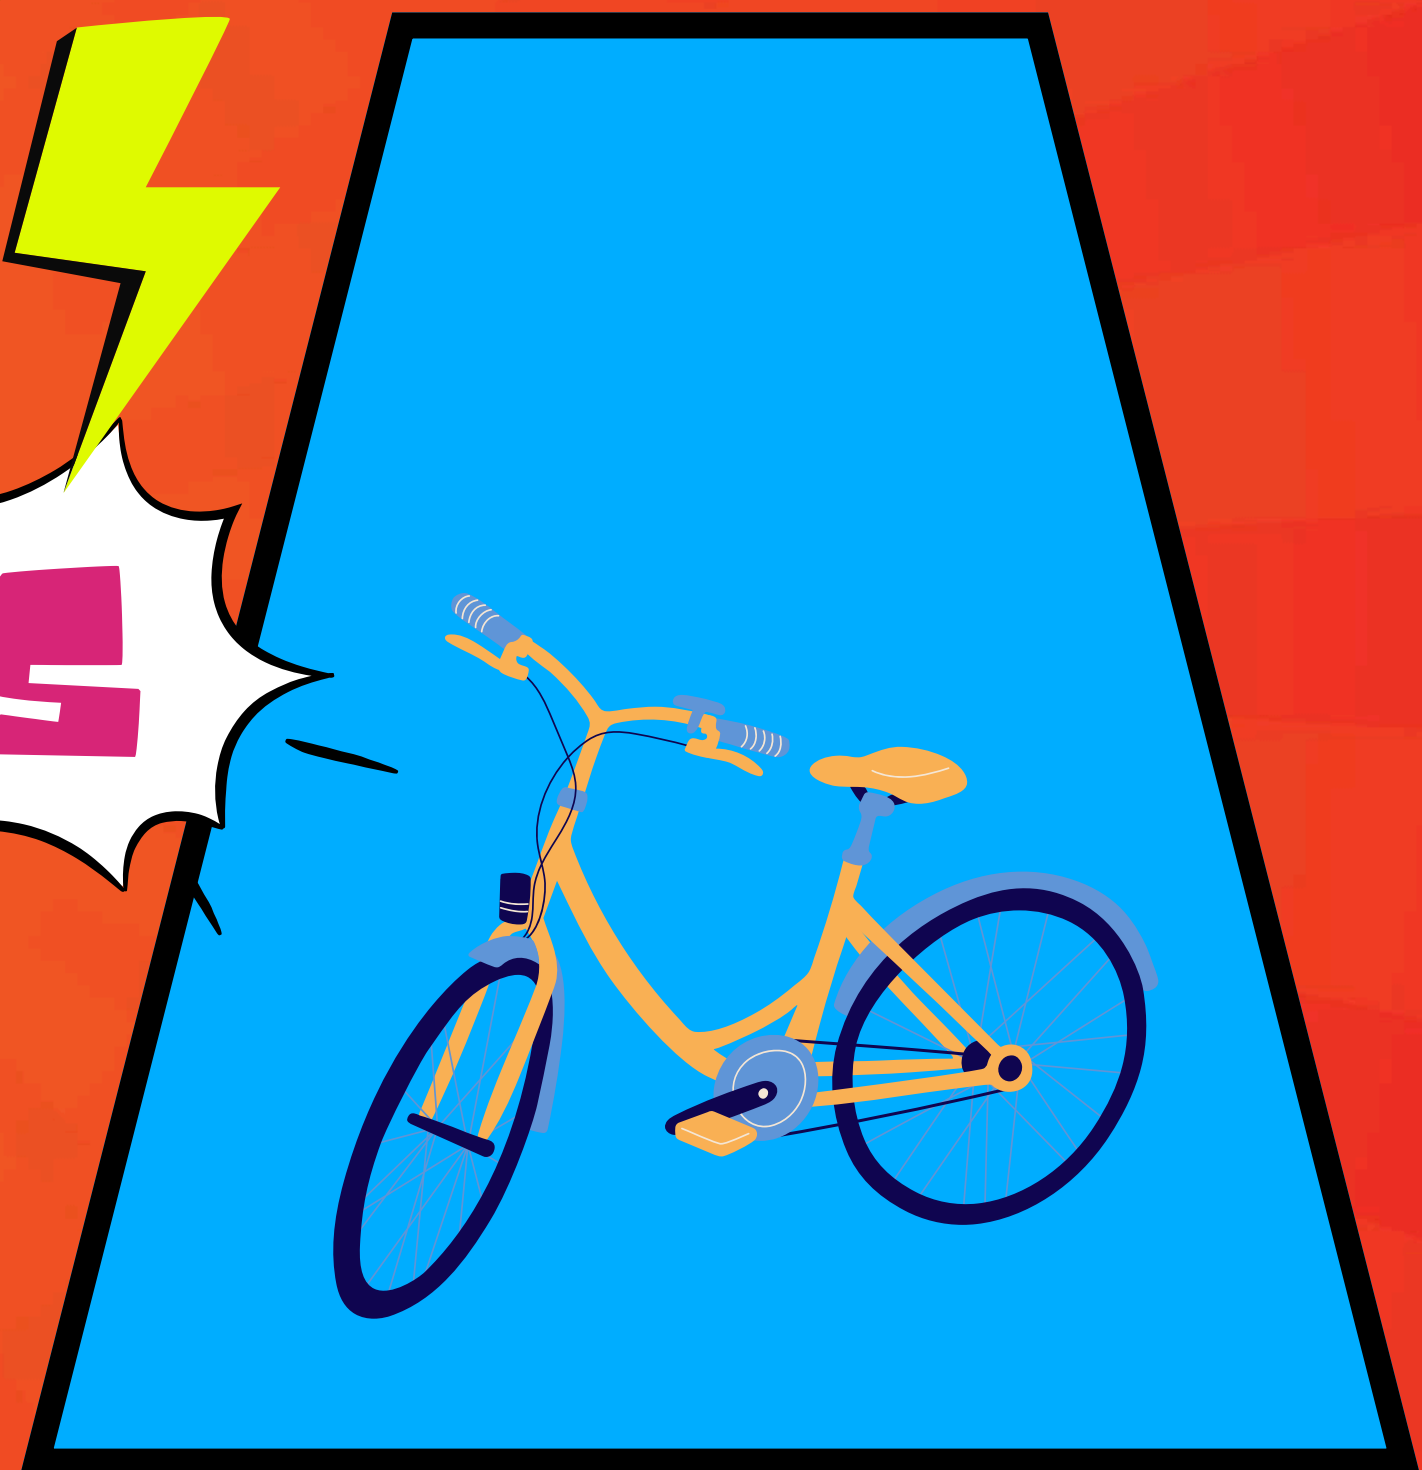

WRONG!

Snails move at a much slower
pace than turtles.

VS

Which is faster, a car or a bicycle?

CAR

BICYCLE

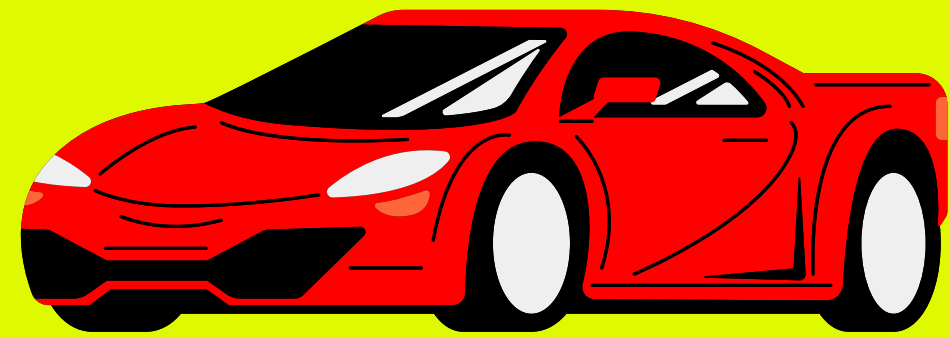

Which is faster, a car or
a bicycle?

CORRECT!

Cars have powerful engines
that allow them to travel at
much higher speeds than
bicycles.

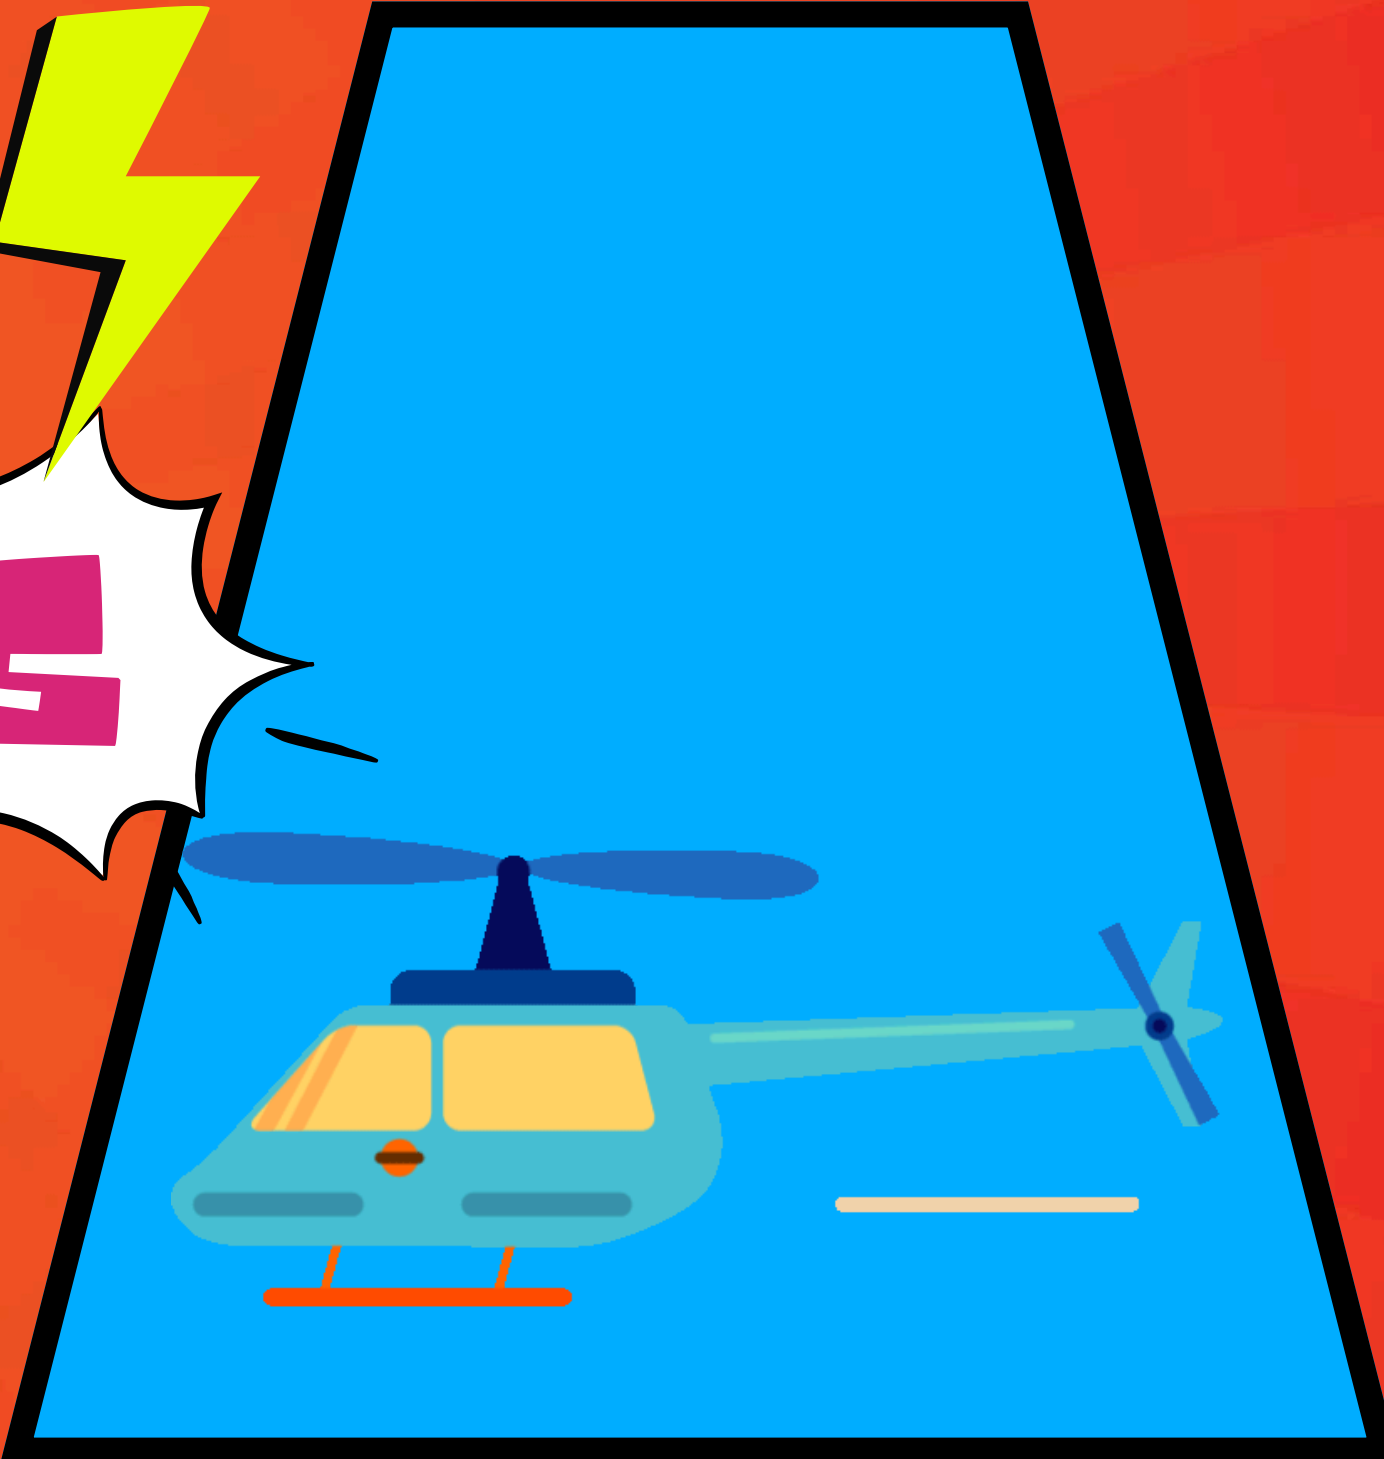

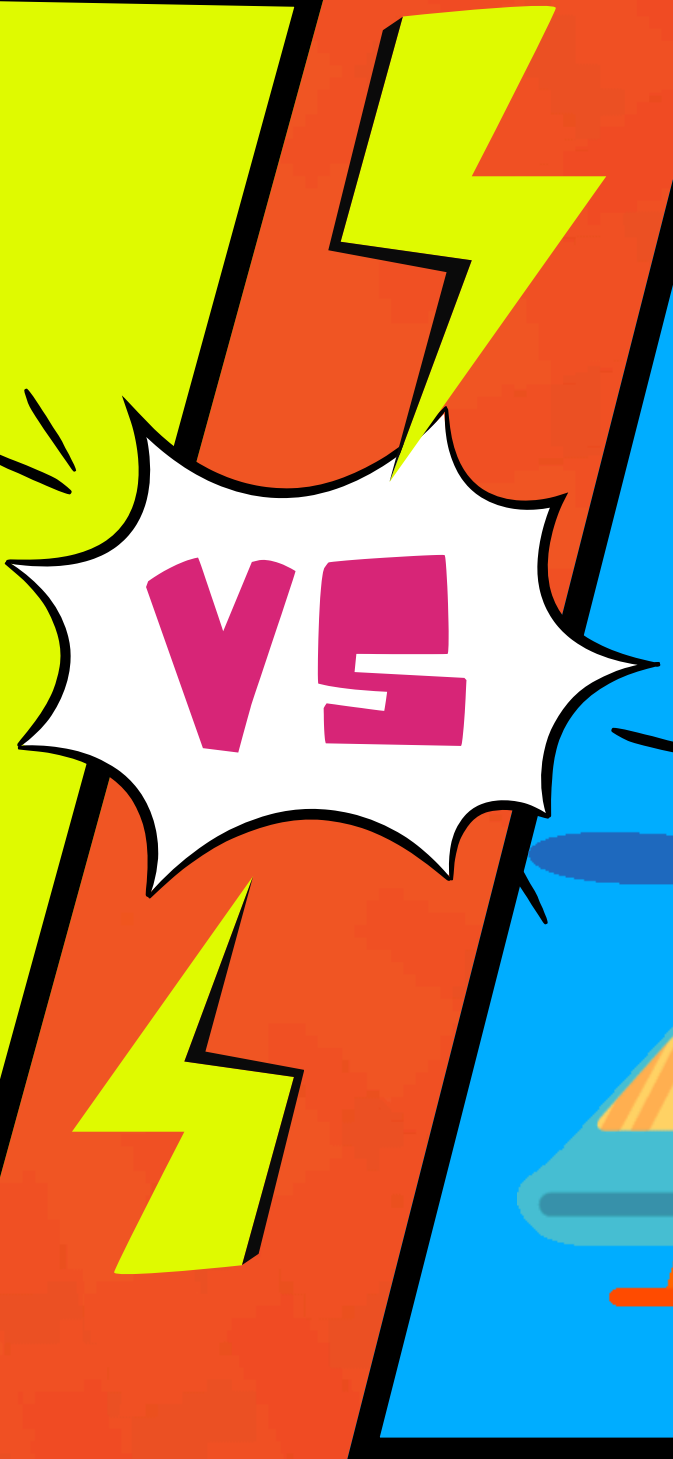

Which is faster, a car or
a bicycle?

WRONG!

Cars have powerful engines
that allow them to travel at
much higher speeds than
bicycles.

Which is slower, an airplane or a helicopter?

AIRPLANE

HELICOPTER

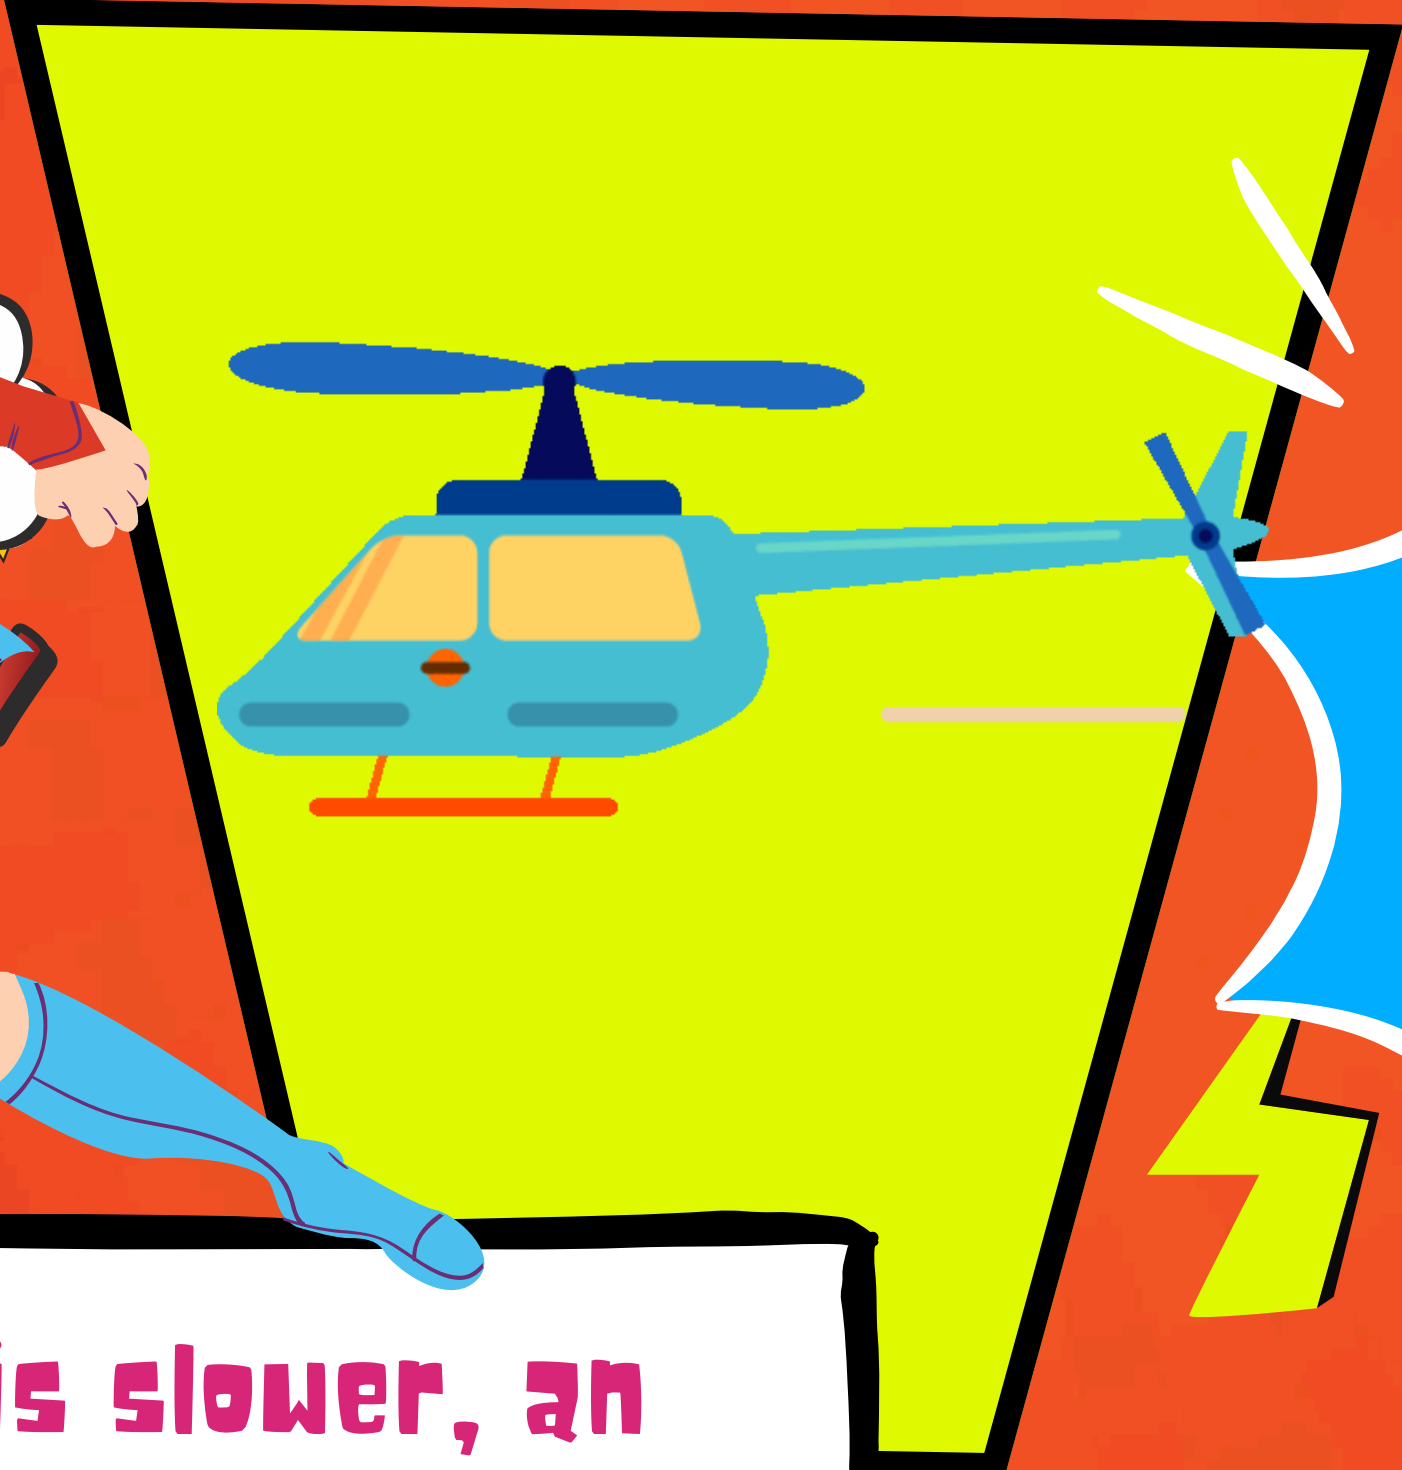

CORRECT!

Helicopters are designed for vertical takeoff and hovering, while airplanes are built for faster horizontal flight.

Which is slower, an airplane or a helicopter?

WRONG!

Helicopters are designed for vertical takeoff and hovering, while airplanes are built for faster horizontal flight.

Which is slower, an airplane or a helicopter?

VS

**Which is faster, a train
or a boat?**

TRAIN

BOAT

**Which is faster, a train
or a boat?**

CORRECT!

Modern trains can reach high speeds, often exceeding those of most boats.

Which is faster, a train
or a boat?

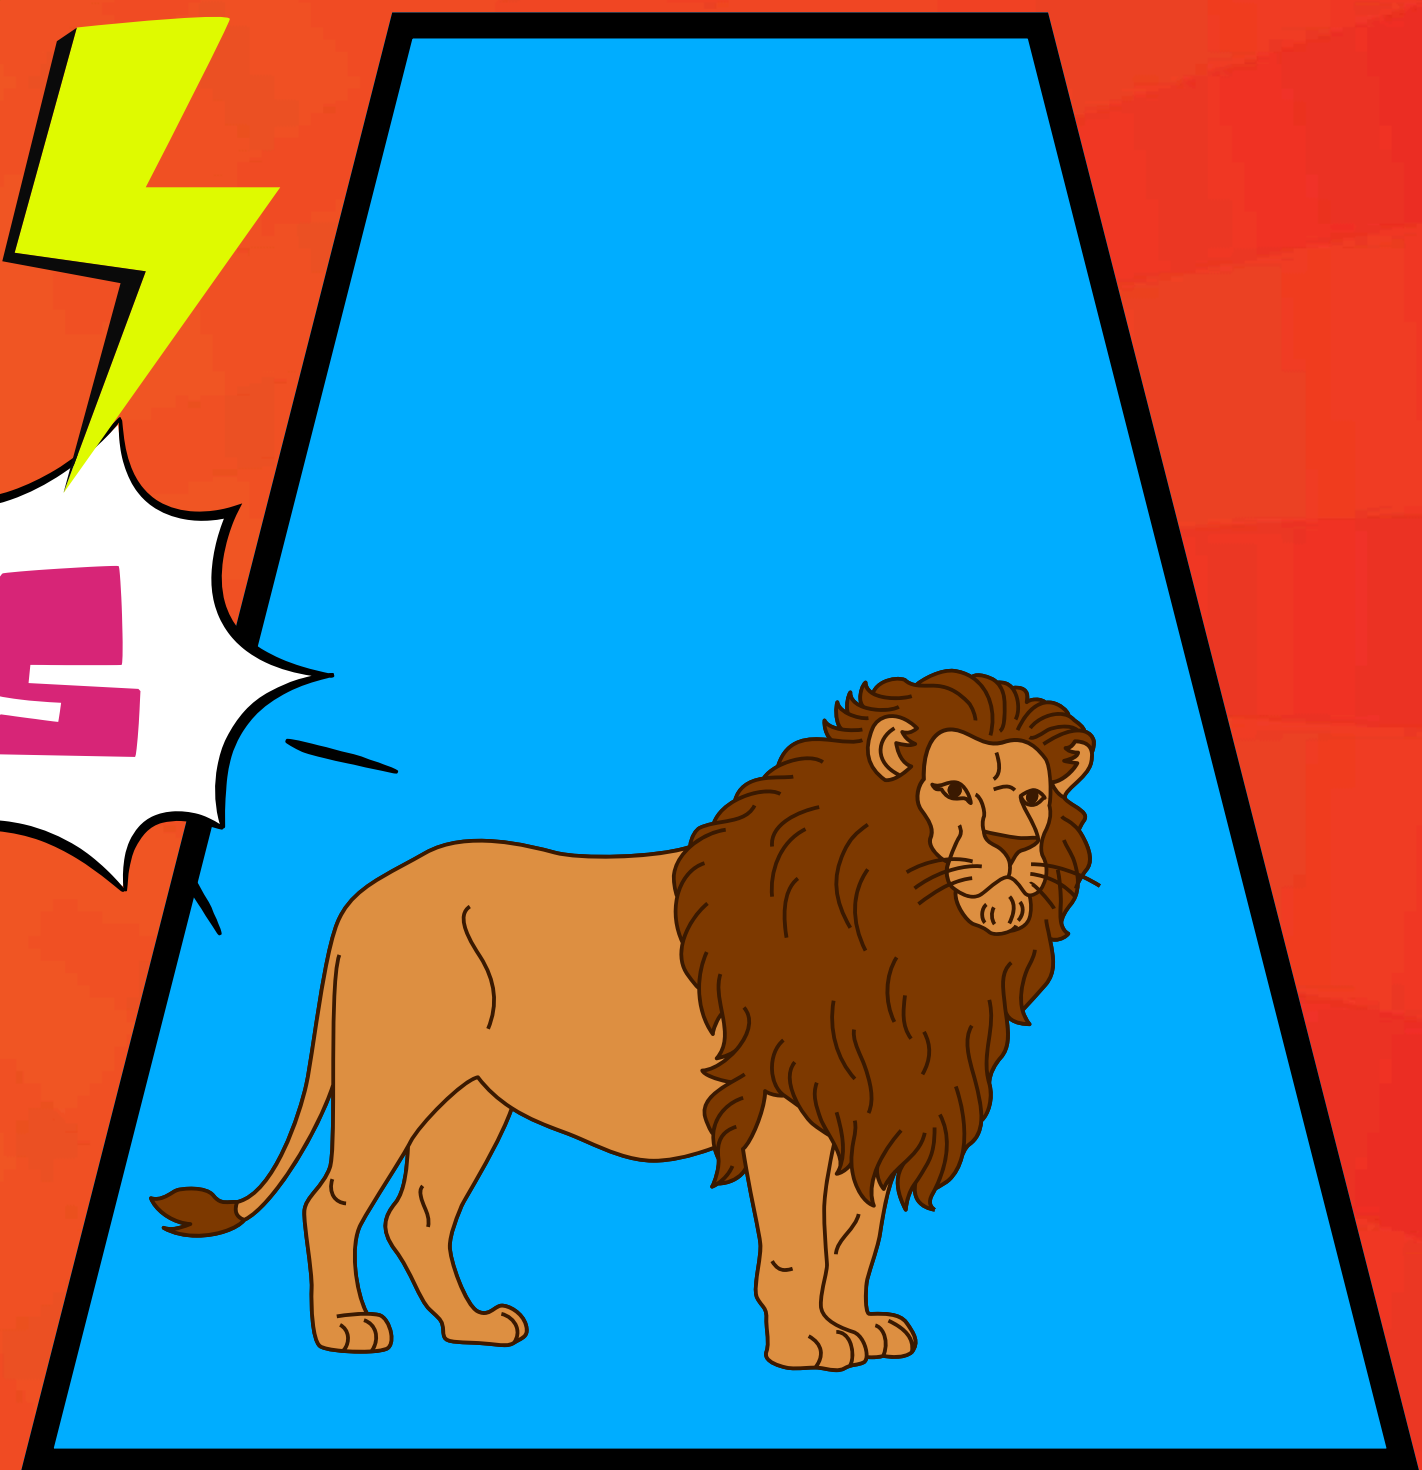

WRONG!

Modern trains can reach high speeds, often exceeding those of most boats.

VS

Which is louder, a lion's roar or a dog's bark?

DOG'S BARK

LION'S ROAR

Which is louder, a lion's roar or a dog's bark?

CORRECT!

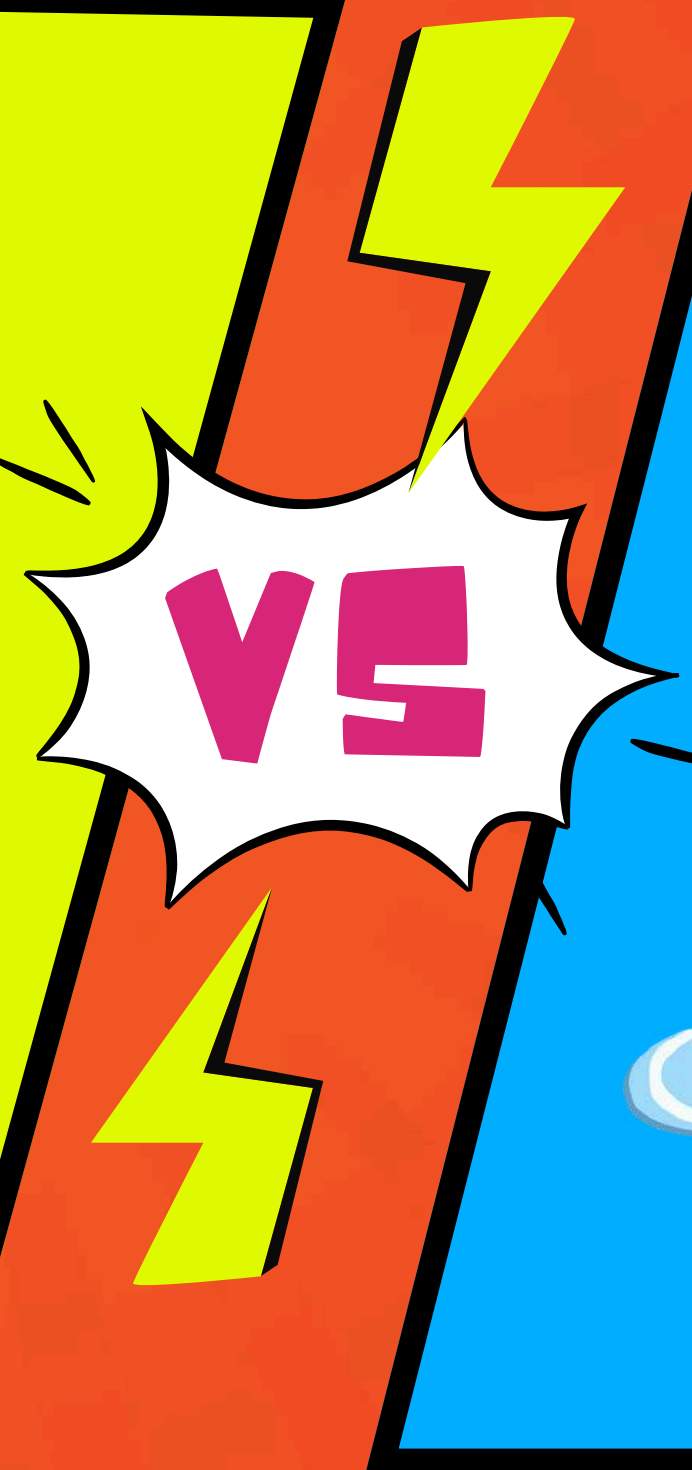

Lions have much larger vocal cords and produce a much louder sound than dogs & boats.

Which is louder, a lion's roar or a dog's bark?

WRONG!

Lions have much larger vocal cords and produce a much louder sound than dogs.

Which is colder, ice
cream or ice?

ICE CREAM

ICE

Which is colder, ice cream or ice?

CORRECT!

Ice is frozen water at 0 degrees Celsius, while ice cream is typically kept at a slightly higher temperature to remain creamy.

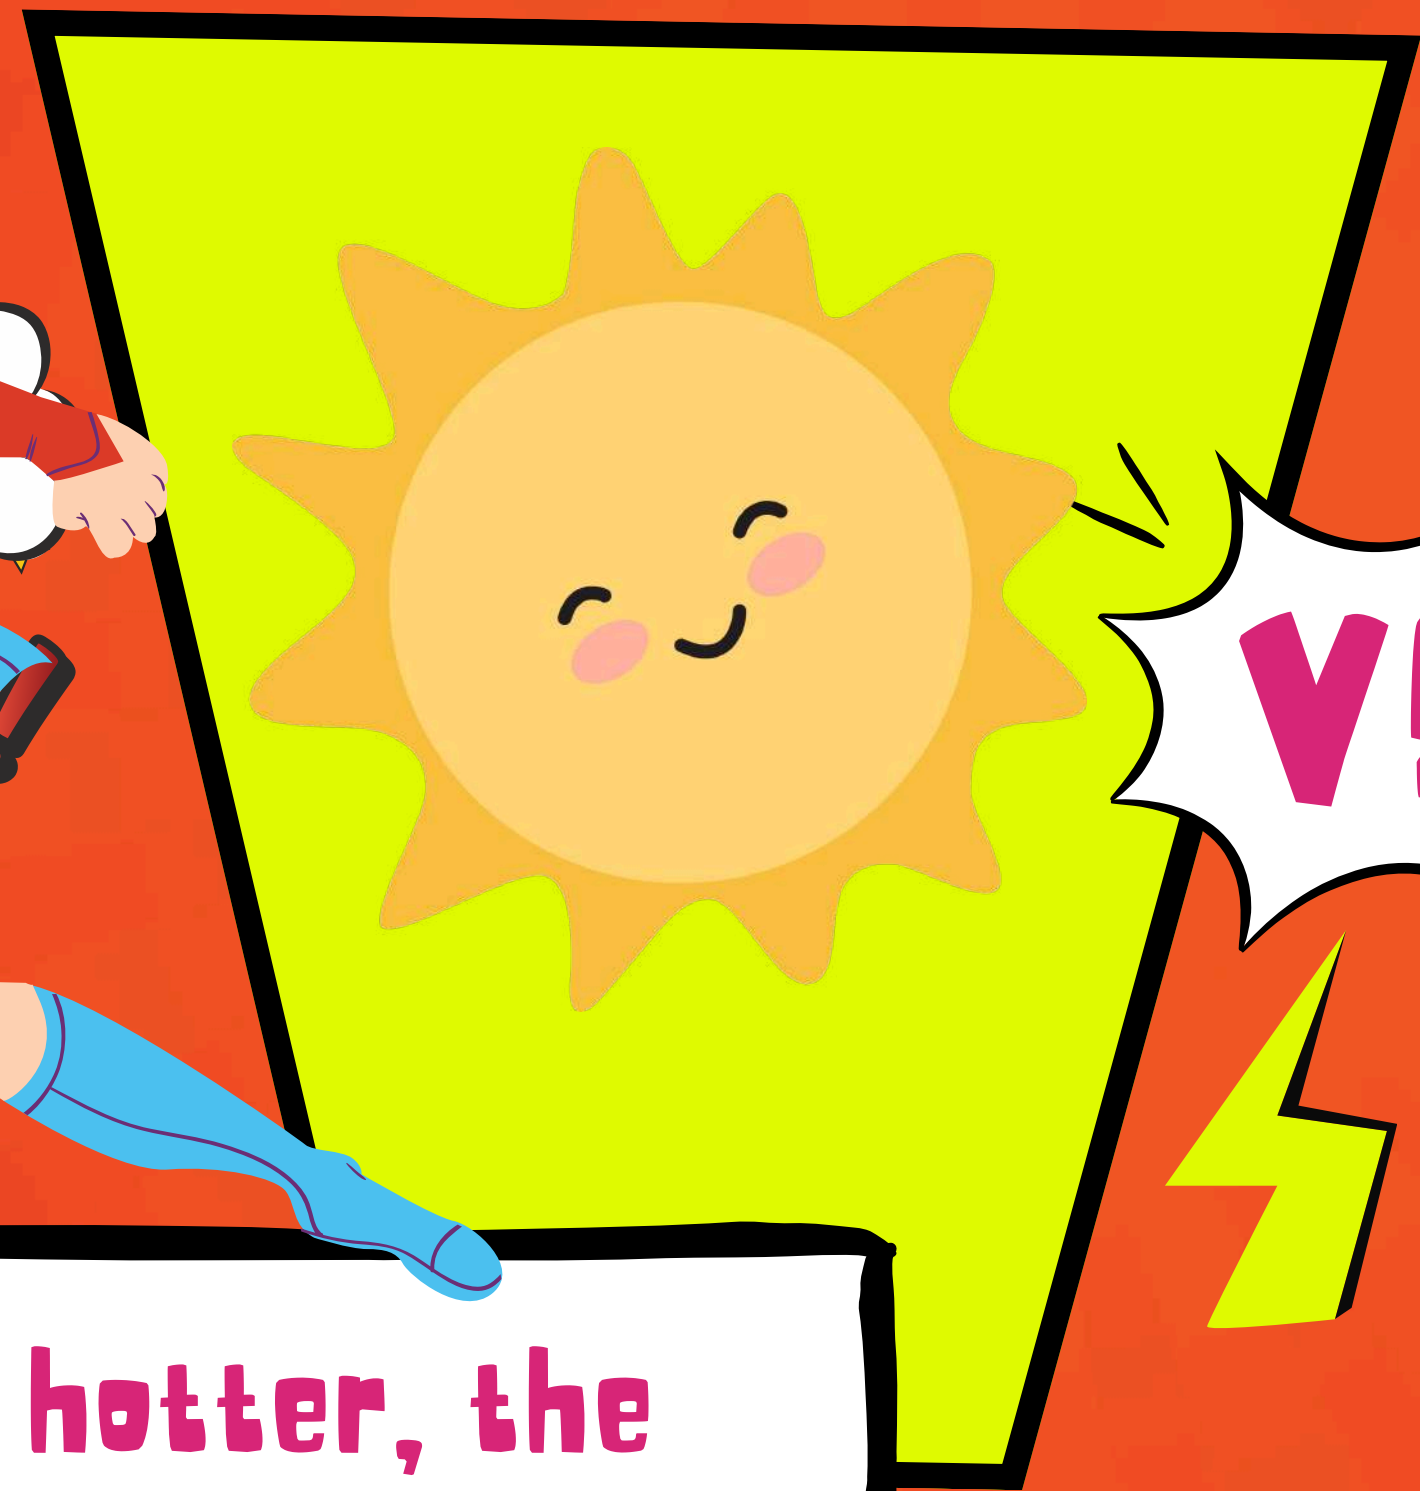

WRONG!

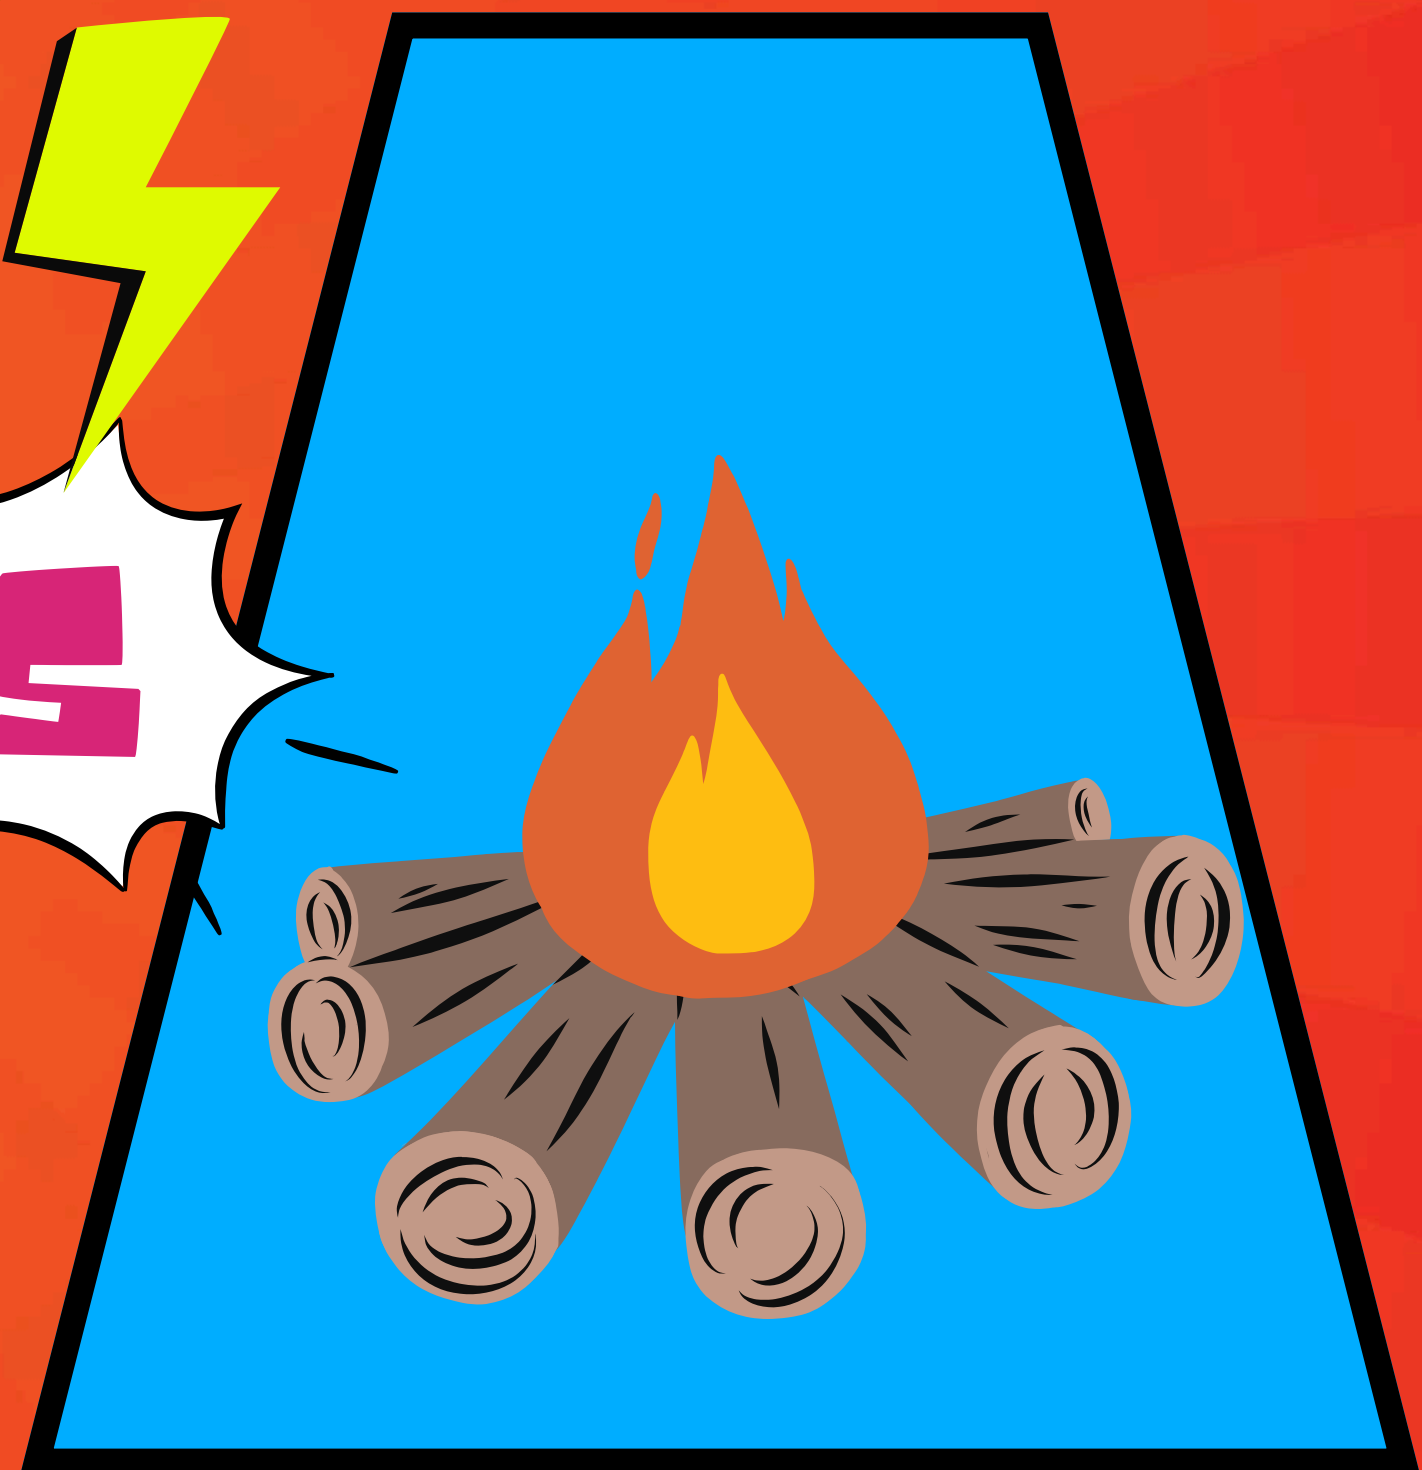

Ice is frozen water at 0 degrees Celsius, while ice cream is typically kept at a slightly higher temperature to remain creamy.

Which is colder, ice cream or ice?

VS

Which is hotter, the sun or a campfire?

SUN

CAMPFIRE

Which is hotter, the sun
or a campfire?

CORRECT!

The sun is a star with a surface temperature of about 5,505 degrees Celsius, while campfires reach a much lower temperature.

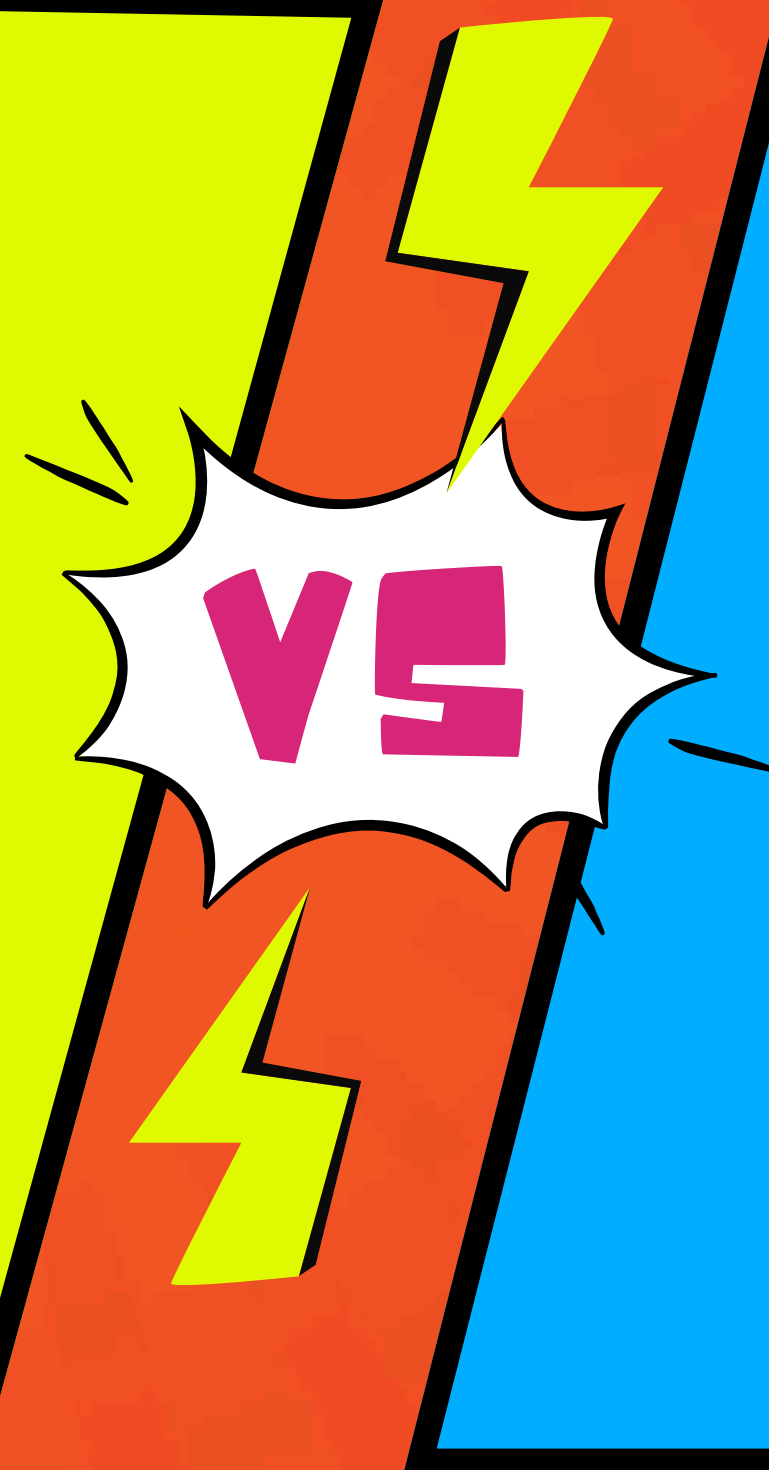

Which is hotter, the sun
or a campfire?

WRONG!

The sun is a star with a surface temperature of about 5,505 degrees Celsius, while campfires reach a much lower temperature.

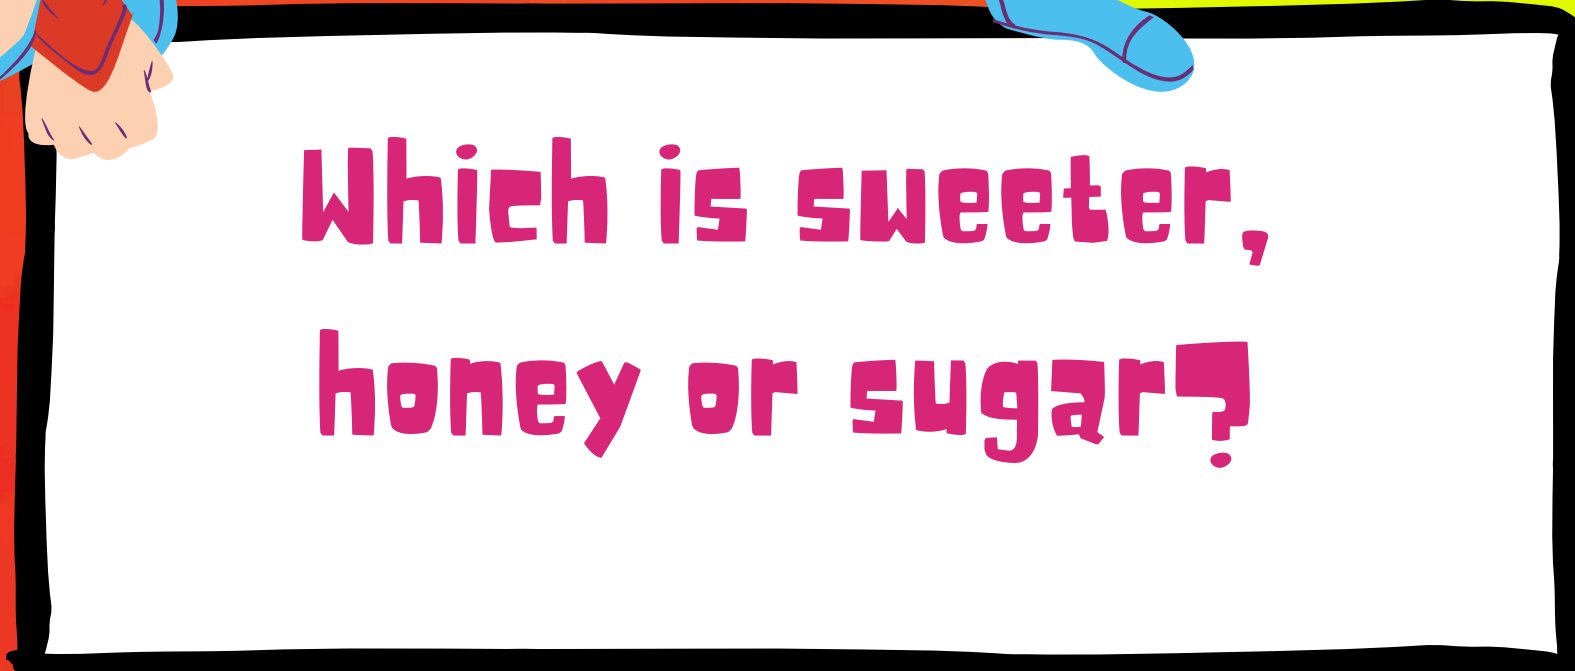

Which is sweeter,
honey or sugar?

SUGAR

HONEY

Which is sweeter,
honey or sugar?

SUGAR

CORRECT!

While both are sweet, sugar has a simpler sweetness, while honey has a more complex flavor profile that some people might not find as sweet.

Which is sweeter,
honey or sugar?

SUGAR

WRONG!

While both are sweet, sugar has a simpler sweetness, while honey has a more complex flavor profile that some people might not find as sweet.

VS

Which is softer, a pillow or a rock?

PILLOW

ROCK

Which is softer, a
pillow or a rock?

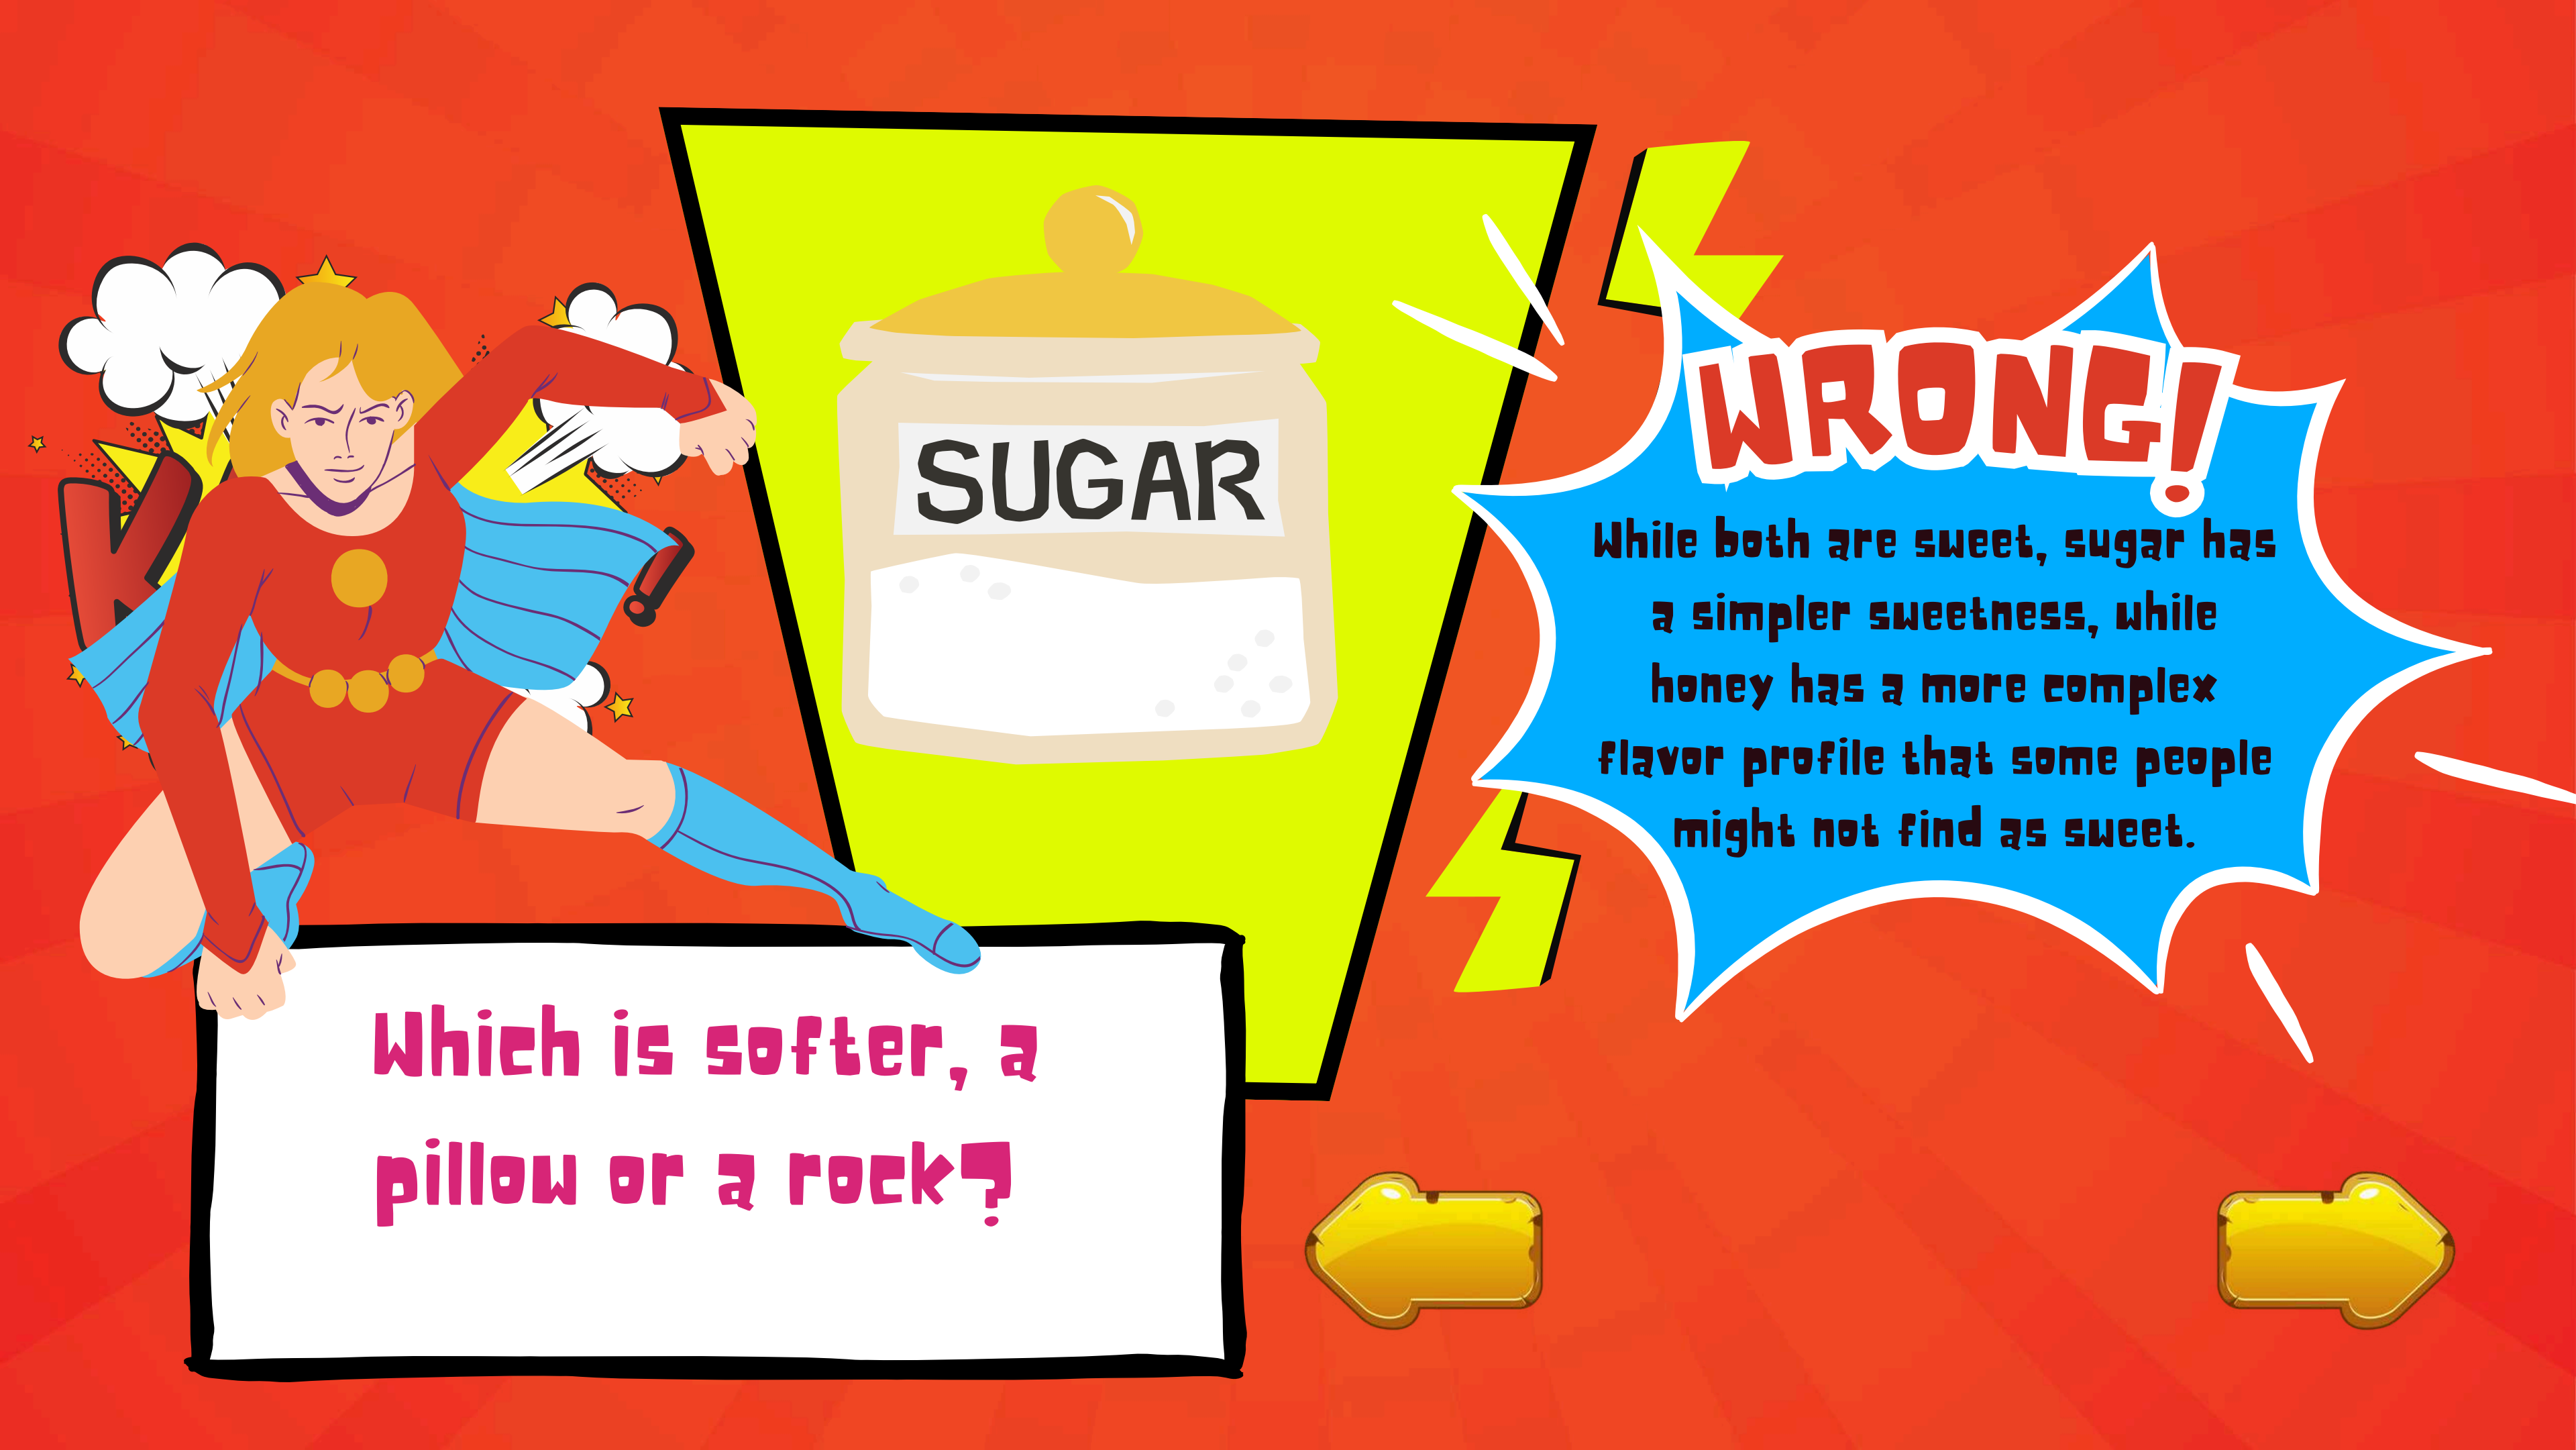

SUGAR

CORRECT!

While both are sweet, sugar has a simpler sweetness, while honey has a more complex flavor profile that some people might not find as sweet.

Which is softer, a
pillow or a rock?

SUGAR

WRONG!

While both are sweet, sugar has a simpler sweetness, while honey has a more complex flavor profile that some people might not find as sweet.
